

STAA LA TIERRA INDEX: 1974- 2005					
---BY RECORD NUMBER---					
Rec	Author	Vol	No	Title	Abstract
1	Ball, Fred	7	2	A Lanceolate Point from Webb County	Describes lanceolate point, surface find in north western Webb County near Maverick County line, resembles Plainview
2	Beasley, Tom S.	5	2	A Late Prehistoric Site in Webb County, Texas	A site on Santa Isabel Creek with Perdiz, Clifton, Fresno, side-notched arrow points, and other artifacts is discussed.
3	Beasley, Tom S.	5	4	A Site with Edwards Points in Bandera County, Texas	Site on Mason Creek, Medina River drainage, supports Sollberger's Turtle Creek Focus construct. Points; Edwards, Scallorn, triangular, Abasolo, Ensor, Frio, La Jita, Montell, Nolan, Pedernales.
4	Beasley, Tom S.	7	2	Incised Stones from Kinney and Webb Counties	Three stones with parallel lines are described. A Scallorn point is associated with one stone. The Webb County stone was a surface find.
5	Beasley, Tom S.	9	3	Paleo-Indian Artifacts from a Site in McMullen County	Discusses seven fragmentary Paleo-Indian points, surface collected in McMullen County. Points; Angostura, Golondrina, Meserve, and Plainview
6	Benfer, Alice and Robert Benfer	8	3	The Mason Ranch Burial Cave, Uvalde County, Texas	Remains of 25-50 individuals from a vertical shaft are described. Artifacts; Nolan, Travis, Tortugas points. Burials may be Archaic Period.
7	Birmingham, W. W., E. H. Schmiedlin and T. R. Hester	3	4	Archaeology at the Wells Site (41JK146), Jackson County, Texas	Discusses the Herman Wells farm site near the Navidad River, north of Edna, Texas. Owner's collection; Angostura, corner-notched, rectangular, stemmed, triangular and Clear Fork.
8	Birmingham, W. W. and J. L. Mitchell	5	1	<i>Scottsbluff Points from the J-2 Ranch</i>	Scottsbluff points from J-2 Ranch (41VT6) in Victoria County are discussed. Golondrina and Kinney also associated.
9	Birmingham, W. W.	7	4	<i>Scottsbluff Points from Victoria and DeWitt Counties.</i>	Four Scottsbluff points described. Two points from surface and two buried.
10	Calhoun, C. A.	6	3	A Small Campsite Near Kenedy, Texas	Describes small hearth in Karnes County. Pottery from site is similar to that made by Coahuiltecan Indians of Mission Espiritu Santo and Mission Rosario.
11	Campbell, T. N.	10	2	Espinosa, Olivares and the Colorado River Indians, 1709.	Discusses Espinosa-Aquirre Expedition (1709) through Texas. In Bastrop and Travis Counties, encountered Yojuane, Simaomo, and Tusonibi and Cantona tribes.
12	Carroll, William B.	5	3	Notes on Two Obsidian Paleo-Indian Points from Val Verde County, Texas	<i>Clovis and Plainview points of obsidian, recovered from a ranch near Devil's River.</i>
13	Carroll, William B.	10	1	The Medina Point: A New Dart Point Type.	New dart point type is proposed. 150 specimens found in midden on Winans Creek in Bandera County.
14	Carroll, William B.	10	3	Committees and Point Type Classification: A Reply to Hester.	Carroll replies to Hester's thoughts on the formation of a committee to supervise point type classification (see Hester 1983a).
15	Chadderdon, Mary Frances	2	1	Notes on the Menger Collection, Site 41BX272, Bexar County, Texas	Site excavated 1960-61 near Long Creek, Bexar County. Artifacts; Angostura, Montell, Frio, Castroville, Ensor, Pedernales, Langtry, Shumla, Marshall, Lange, Bulverde, Nolan, Travis, Guadalupe, Clear Fork.
16	Chadderdon, Mary Frances	3	1	An Analysis of Altered Quartzite Cobbles from Victoria County, Texas	100 quartzite cobbles by Birmingham and Schmiedlin from sites along the Guadalupe and Coletto Creek show alteration and suggest use by prehistoric man.
17	Chandler, C. K.	1	4	Use Wear Analysis of "Clear Fork" Tools from the Falcon Reservoir Area, Southern Texas	Describes 22 Clear Fork tools collected by R. W. Hickman from sites along the Rio Grande River.
18	Chandler, C. K.	9	3	Paleo-Indian Projectile Points from San Patricio County, Texas, Texas Coastal Bend	Paleo-Indian points from sites 41SP69, 41SP75 and 41SP79 on Chiltipin Creek described. Include Clovis, Angostura, Plainview, Golondrina, Gower-like.

19	Chandler, C. K.	10	3	Notes on Some Bell Points from San Patricio County, Texas	10 Bell-like dart points from surface collections in the western part of San Patricio County along Chiltipin Creek are described.
20	Chandler, C. K.	10	4	Paleo-Indian Projectile Points from Kendall County, Texas	Two Paleo-Indian points from surface collections on East Sister Creek in Kendall County described. Specimens are Clovis and Angostura.
21	Chandler, C. K., Florence Knolle and Mary Margaret Knolle	10	2	Paleo-Indian Projectile Points from Jim Wells and Nueces Counties, Texas.	Surface-collected Paleo-Indian points from Nueces River area described. Angostura and Plainview and corner-tang knife discussed.
22	Clark, John W. , Jr.	7	1	Sa Reina Nortena: History and Archaeology of San Jose Mission	Previous work at Mission San Jose in Bexar County described. Brief history of site presented.
23	Cook, Paul J.	7	3	A Review of the History and Archaeology of Mission Concepcion	Overview of site is given, previous work described and artifacts from mission discussed.
24	Cook, Paul J.	8	3	A Review of the History and Archaeology of Mission San Lorenzo, Real County, Southern Texas	Overview of work at mission discussed and brief history given. Mission established for Lipan Apaches. It lasted only nine years.
25	Cooper, Brom	1	3	A Fluted Point from McMullen County, Texas	Documents basal fragment of a fluted point found on surface of site on south side of Frio River west of Tilden.
26	Cox, David	4	3	A Preliminary Report on "Early Man" Artifacts Found in Northeast Bexar County	Two Plainview points from the Seibel Site near Cibolo Creek in Universal City described. Ensor and Nolan points also recovered.
27	Daniels, Roger L.	3	4	Preliminary Excavations at the Randig Site, Williamson County, Texas	Austin phase site on Brushy Creek near Pflugerville described. Artifacts; Scallorn point, bifaces, blades, bone beads, incised bone and two burials.
28	Davis, E. Mott	3	2	Who Joins An Archaeological Society?....A Tentative Typology	Essay about amateur archaeologists. Reprinted from Texas Archaeology 10(3) May 1966.
29	Duke, Paul	4	3	Lake Thunderbird Site (41BP78), Bastrop, Texas	Site two miles northeast of Smithville discussed. Artifacts; Gower, Golondrina, Martindale, Uvalde, Kinney-like, Bulverde-like, Marcos, triangular, corner notched, Scallorn, Clear Fork tools, scrapers, cores, quartzite hammerstone.
30	Dusek, Curtis	7	3	Plainview Points from 41MC10, McMullen County, Texas	Two basal fragments of Plainview points found near Salt Creek. Angostura and Folsom found nearby.
31	Dusek, Curtis	9	2	A Pottery Vessel from 41MC320, The Nichols 1 Site, McMullen County, Texas	Reconstructed vessel from site overlooking Nueces River in southwestern McMullen County described. Vessel is example of bone-tempered Leon Plain ware. Scallorn, Ensor and a leaf-shaped biface found.
32	Dusek, Curtis	10	3	Cut Mussel Valve from 41MC320, The Nichols 1 Site, McMullen County, Texas	Unusual freshwater mussel shell found eroding from bank of small gravel quarry described. Artifact had been altered by removal of rectangular section of shell using "groove and snap" technique.
33	Eaton, Jack	8	1	History and Archaeology of Mission San Antonio De Valero (The Alamo)	Overview of history of mission, previous archaeology, and artifacts presented.
34	Fawcett, William B., Jr.	1	1	A Preliminary Analysis of Prehistoric Utilization of Upland Areas Adjacent to Leon Creek, South Central Texas	Documents testing of six areas near Leon Creek in northern Bexar County near site 41BX52. One Archaic dart point recovered plus flakes and scrapers.
35	Fox, Anne, E. H. Schmiedlin and J. L. Mitchell	5	3	Preliminary Report on the J-2 Ranch Site (41VT6), Victoria County, Texas	Report on J-2 Ranch. Artifacts; Plainview, Scottsbluff, Bell, Meserve, Refugio, Pedernales, Scallorn, Perdiz, Zavala, early corner-notched, triangular points, bison bone, and other materials.
36	Fox, Daniel E.	7	1	Test Excavations at the Classen Rockshelter, Northeastern Bexar County, Texas, 1967	Work at 41BX32 in 1967 described. Indicate occupation from Middle Archaic through end of Archaic Period. Historic use as a still, trash dump or storage area.
37	Fox, Daniel E. and Warren M. Lynn	3	2	41MC185 - A Historic Building Site in the Proposed Choke Canyon Reservoir Area, Live Oak and McMullen Counties, Texas	Documents two possible structures, may be related to the Yarbrough Bend Community. Site is late 19th Century farm.

38	Garber, James F. , Susan Bergman, Billy Dickinson, Robert W. Hays,III, Jane Simpson and Jeffrey Stefnaoff	10	2	Excavations at Aquarena Springs, San Marcos, Texas	1982 field school at 41HY160 in Hays County reported. Artifacts; Golondrina, Eden/Scottsbluff, Ensor, Frio, Marshall, Castroville, Pedernales, Nolan, Alba, Clifton, Perdiz, Scallorn. Stone alignment suggesting structure noted.
39	Gilmore, Kathleen	9	1	So Shall Ye Reap: The San Xavier Missions	Overview and history San Xavier mission complex in Milam County presented. Previous archaeological work discussed.
40	Graves, Carol and Lynn Highley	5	2	41ME7: A Cave Site in Medina County, Texas	Report on Scorpion Cave Site on the Medina River. Multi-component site includes Archaic and Late Prehistoric. Artifacts dominated by Edwards points , includes faunal materials and historic artifacts.
41	Green, L. M.	4	4	A Stone Outline Figure in Central Texas	Describes outline of possible structure of three squares and two circles done in sandstone in Central Texas along the Colorado River in McCulloch County.
42	Greer, John W.	4	2	A Columella Bead from the San Antonio Area of South Central Texas	Unusual bead from Bexar County described. Drilled from both ends and side. Postulated use breastplate bead.
43	Griffin, F. Eugene	3	3	Summary of STAA Bear Creek Site Survey	Survey of Bear Creek Boy Scout Reservation by STAA described. Artifacts include Angostura, Pedernales, Montell, Archaic dart points.
44	Gunn, Joel, Royce Mahula and J. B. Sollberger	3	4	The Sollberger Distribution - Analysis and Application of a Tool Reduction Technique	Replication of artifact manufacture and saving lithic debris at each stage of reduction. Distribution plotted at various stages. Data useful in future lithic studies.
45	Gunn, Joel and Royce Mahula	4	4	Response to Patterson on Sollberger Distribution	Comments on Patterson's criticism of Sollberger Distribution article.
46	Gunter, Rita R.	9	1	An Altered Quartzite Cobble from San Patricio County, Texas	Altered cobble of quartzite found near Odem, Texas described. Data on distribution of this kind of artifact presented.
47	Gunter, Rita R.	9	4	A Brief Description of Three Items from the Arthur Bickman Collection	Three eccentric flint artifacts from Webb County described. Three artifacts, surface collected, crescent-shaped, axe-shaped, and reptile-shaped.
48	Harris, Edwin S.	3	2	Papers on File in the STAA Library (As of April 1976)	A bibliography of items in the STAA library
49	Hemion, Roger H.	7	3	Further Notes on the Bromley Cooper Collection from McMullen County, Texas	Collection of arrow points described. Include Edwards, Scallorn, Perdiz, Toyah, Livermore, and Bonham.
50	Hemion, Roger H.	7	4	Ground and Notched Lithic Artifacts from McMullen County	Line sinkers or Waco sinkers in Bromley Cooper Collection described. Artifacts surface collected in the west-central part of county.
51	Hester, Thomas R.	1	3	Some Observations on Archaeology at Chaparrosa Ranch	Discusses UTSA field school held June 4 to July 11, 1974. Mariposa Site, on east bank of Turkey Creek, investigated and yielded C-14 dates of A.D. 550 and A.D. 1650. Points; Zavala, Perdiz .
52	Hester, Thomas R.	3	2	Rock Art of the Lower Pecos River, Southwestern Texas	Describes some pictograph traditions found in the Pecos River area of the Trans-Pecos.
53	Hester, Thomas R.	4	3	David R. Espy: Personal Recollections	A eulogy for Dave Espy of Corpus Christs, Texas. Mr. Espy was one of the charter members of the STAA.
54	Hester, Thomas R.	5	4	Notes on the Edwards Arrow Point Type	Commentary of Sollberger's 1967 report on the Edwards point type; republished from The Record 26(2), 1970.
55	Hester, Thomas R.	6	3	Notes on Gower, Jetta, and Other Projectile Points of the Pre-Archaic Period in Texas	Brief overview of Gower point presented and new type, Jetta, suggested for Pre-Archaic. This type based on from private collection from Gillespie County.
56	Hester, Thomas R.	6	3	A Stone Pestle from Dimmit County, Southern Texas	A stone pestle, found near Asherton, Texas, described. Also found two Perdiz points, Clear Fork tool, preform, and a stemmed dart point fragment.

57	Hester, Thomas R.	8	2	Some Observations on Avocational Archaeology in Texas	Role of avocational archaeologist within the archaeological community discussed.
58	Hester, Thomas R.	10	3	Problems in Typology: The Case of the Medina Points	Discusses problems in establishing new projectile point types, states that Carroll's proposed Medina type may be same as already established type, La Jita (See Carroll 1983).
59	Hester, Thomas R.	10	4	The Southern Texas Archaeological Association: A Review of its First Ten Years	Review of accomplishments and future goals of Southern Texas Archaeological Association (STAA) presented.
60	Hester, Thomas R. , Feris A. Bass, Jr. and T. C. Kelly	1	4	Notes on the Miles Site, McMullen County, Texas	Reports on skeletal material recovered on Miles Ranch, south of Tilden in McMullen County during construction of septic tank.
61	Hester, Thomas R. and John E. Funnell	1	1	Petrographic Notes on Two Stone Artifacts from Southern Texas	Reports analysis of a square-rolled green-stone celt from eastern LaSalle County, Texas and Waco Sinkers found in northern part of Frio County, Texas.
62	Hester, Thomas R. and Harvey Kohnitz	2	2	Chronological Placement of Guadalupe Tools	Reports stratigraphic analysis of the Granburg II, 41BX271, site on Salado Creek. Cache of Guadalupe tools recovered under 12 feet of gravel.
63	Hester, Thomas R. , E. T. Miller, and Cynthia North	5	1	Notes on Paleo-Indian Projectile Points from Kerr and Bexar Counties, South-central Texas	Notes on Paleo-Indian projectile points, Angostura and Golondrina from northern Kerr County, and a Folsom fragment from southeast Bexar County along Parita Creek.
64	Hester, Thomas R. , E. H. Schmiedlin, and W. W. Birmingham	5	3	A Record of Several Ground Stone Artifacts from the Texas Coastal Plain	Waco sinkers and boatstone from Victoria and Goliad counties, a plummet from McMullen County, other ground stone artifacts discussed.
65	Hester, Thomas R. , Jimmy L. Mitchell, Frank Asaro, and Fred Stross	7	3	Further Notes on Obsidian Artifacts from Dimmit County, Southern Texas	X-ray fluorescence analysis of trace element content of four obsidian artifacts reveal possible trade relations with central Mexico and north-central New Mexico.
66	Highley, Lynn	6	4	A Note on Arrow Points Collected in Webb and Duval Counties	Projectile points from Bromley Cooper Collection of Kingsville, Texas described. Artifacts; Bonham, Edwards, Harrell, Toyah, Scallorn and Perdiz.
67	Highley, Lynn and Dan Lengefeld	4	4	Preliminary Investigations at the Wolf Site, Blanco County, Texas	Rockshelter (41BC73) on south bank of Pedernales River near Johnson City discussed. Artifacts; triangular, Nolan, Ensor, Perdiz, bone fragments, bone awl.
68	Highley, Lynn, Anne A. Fox, and Will Day	9	2	Mission Nuestra Senora de la Luz and Presidio San Agustin de Ahumada: The Orcoquisac Historic District in Chambers County, Texas	Overview of history and archaeology of important Spanish Colonial site located in southeast Texas in Wallisville Lake area east of Houston.
69	Hill, T. C. ,Jr.	2	3	Experiments in Pottery Making	Description of experimental pottery making. Includes photos of replicated pottery and discussion of problems and practices involved in replicating pottery.
70	Hill, T. C. ,Jr.	5	3	Pipes, Pots, and Little Indian Girls	Report of tubular sandstone pipe from 41ZV14 located on middle Nueces River drainage in Zavala County. Pipe exhibits incising on exterior and possible dotting within.
71	Hill, T. C. ,Jr.	10	4	The Ladies, the Monster, and the Good Ol' Boys	Reflections on the past achievements of STAA.
72	Hill, T. C. ,Jr., J. B. Sollberger, and Thomas R. Hester	4	1	Yucca Exploitation: A Contemporary Account from the Rio Grande Plain	Account of Mexican migrant use of Yucca plant in Tortugas Creek area of eastern Zavala County.
73	Howard, Calvin D.	1	3	Paleo-Indian Surface Finds in Bexar County	<i>Plainview, Angostura, Golondrina, and Scottsbluff points and perforator from Bexar County discussed. Artifacts found in sand hill country south of Medina River.</i>
74	Hudgeons, Mark D.	6	1	A Clovis Point Fragment from DeWitt County	Basal fragment of Clovis point found near Cuero, Texas described.

75	Hudgeons, Mark D. and Thomas R. Hester	4	3	An Aboriginal Burial at the Dunn Site, DeWitt County, Southern Texas	Recovery of human skull at Pat Dunn Site near Irish Creek and Guadalupe River in DeWitt County discussed. Materials; conch shell beads, Clear Fork tool, Matamoros and Refugio points.
76	Ivey, James E.	3	3	The Camino Real Crossing of the Trinity River	Historical research to identify location of ford on Camino Real of Trinity River discussed. Site believed to be in Madison County.
77	Ivey, James E.	6	3	The Comanche Spring Site	19th Century German house believed to have been built by John O. Meusebach in the 1850's described. Located in Bexar County.
78	Ivey, James E.	8	4	Reexamination of the Site of Presidio San Saba	Discusses reconstruction of original plan of mission.
79	Ivey, James E. and Thomas W. Medlin	4	3	The Fort Macintosh Problem	Discusses Fort McIntosh, situated on campus of Laredo Junior College in Webb County, Texas. Fort established in 1848, closed by U. S. Army in 1949.
80	Jaquier, J. A.	3	4	Flotation Recovery Techniques During Archaeological Excavation	Field Equipment, procedures, and problematic considerations in performing flotation at the Timmeron Rockshelter (Hays County) discussed.
81	Jaquier, J. A.	9	4	A Plainview Point from Coleman County, Central Texas: Observations on Typological Problems	<i>Plainview point from Coleman County described. Distributional information and further typological comparative studies also provided.</i>
82	Johnson, Malcom L.	2	2	Possible Hut Site in Central Texas	Fist-sized stones in an arc superimposed with another arc with hearths found site 41GL44 in Gillespie County. Hearths and stone alignments suggest possible house sites which are extremely rare in Central and South Texas.
83	Johnson, Malcom L.	3	1	The Hut Experiment	Discusses replication experiment designed to calculate number deer hides needed to cover seven-foot diameter hut. Concluded that 18 hides needed to adequately cover such a house.
84	Johnson, Malcom L.	6	4	Black-On-White Pottery Vessel from Central Texas	Black-on-white pot found Gillespie County, Texas between 1865 and 1870 described. Vessel collected from Indian camp.
85	Johnson, Malcom L.	6	3	Oliva Shell Beads or Dangles, San Patricio County, Texas	Objects believed to be shell beads or dangles recovered from site in San Patricio County (41SP72), Texas discussed.
86	Johnson, Malcom L.	7	1	A Dugout Canoe from the Nueces River	Wooden canoe found in the Nueces River described. Other known canoes mentioned for comparative purposes. Techniques used in extracting and preserving this artifact discussed. Canoe found in Live Oak County.
87	Johnson, Malcom L.	8	4	Notes on Two Sites along Oso Creek, Nueces County, Southern Texas	Surface collection and excavation of two sites in Nueces County documented. Two types shell artifacts added to known assemblage of the Oso Creek area.
88	Jones, Courtenay J.	8	2	A Further Experiment in Stone Boiling: A Calcining Process for Acorns	Discussion of experiment using limestone to neutralize tannic acid found in acorns.
89	Jones, Courtenay J.	8	3	Sandstone Artifacts from Western McMullen County, Texas: The Bromley Cooper Collection	Private collection sandstone artifacts described. Artifact; metates, manos, grooved abraders, pecked stone, pestles, and a grooved weight/sinker.
90	Kelly, Thomas C.	6	3	Comments on Patterson's, Hester's, and Shafer's Comments	Kelly replies to earlier comments on his article (Kelly 1979) on edge damage of Gower points which he believes is the result of cutting and slicing of wood (see Hester 1979; Patterson 1979; Shafer 1979).
91	Kelly, Thomas C.	6	2	<i>Gower Projectile Points ?</i>	Projectile point described with suggestions as to function and origin. Analysis of nine specimens suggested to author that point form may have functioned primarily as a tool used for cutting of bone or wood .
92	Kelly, Thomas C.	9	3	Criteria for Classification of Plainview and Golondrina Projectile Points	Manual for classifying these point forms is provided. Technological and cultural implications discussed.

93	Kelly, Thomas C.	10	4	The Barber Paleo-Indian Point	Presents evidence for adoption of new Paleo-Indian point, the Barber point. New type based on specimens from Byron Barber Collection (Gillespie County) and Wilson-Leonard Site (Williamson County).
94	Kelly, Thomas C.	10	3	The Bromley Cooper Paleo-Indian Collection from McMullen County, Texas.	Collection Paleo-Indian artifacts belonging to Mr. Bromley Cooper described. Types include Clovis, Folsom, Plainview, Golondrina, Angostura, and Scottsbluff.
95	Kingsbery, Ann	1	2	The Coahuiltecan-Speakers of the Rio Grande Plain of Texas	Review of historic materials in South Texas. Discusses Brownsville Complex, Falcon and Mier Foci as they relate to Coahuiltecan of South Texas.
96	Land, Howard D.	4	1	Budget Photography	Photography of archaeological specimens and how to do it.
97	Land, Howard D.	4	2	Replicating Experiments with the Graver and Bone Needle	Discusses replication and use of bone needle and graver.
98	Land, Howard D.	6	1	A Flint Perspective	Techniques of flint knapping described. Emphasis placed on creation of Paleo-Indian points.
99	Land, Howard D.	10	4	Early Barbed Points from Hays County, Texas	Sample of nine early barbed projectile points from excavations at Gregg Ranch Site (41HY131) discussed. Types include Gower, Lerma, Uvalde, and Pandale-like.
100	McGuff, Paul R. and Ernest L. Ludelius, Jr.	1	1	A Possible Late Wisconsin Faunal Assemblage on the Texas Eastern Gulf Coast	Fossil horse and mammoth teeth from Clear Creek watershed near Houston found during U. S. Corps of Engineers survey described.
101	McReynolds, Richard L.	8	3	Additional Paleo-Indian Artifacts from the Coletto Creek Project Area of Southern Texas	<i>Golondrina and Plainview points found in Goliad and Victoria Counties are discussed.</i>
102	McReynolds, Richard L.	8	2	Ground Stone Artifacts from Atascosa and McMullen Counties, Southern Texas	Hammerstone of quartzite and Waco Sinker from Atascosa and McMullen Counties described.
103	McReynolds, Richard L.	9	2	An Iron Projectile from Gillespie County, Texas	Metal projectile point from Gillespie County described. Artifact is only historic artifact from site which has produced dart points and arrow points.
104	McReynolds, Richard L.	9	4	Marine Shell Artifacts from Southwest Bexar County	Discusses presence of columella shell artifacts from prehistoric site in Bexar County.
105	McReynolds, Richard L.	10	4	Two Late Paleolithic Tools from Coletto Creek, Victoria County, Southern Texas	Documents Plainview or Golondrina dart point and fully-grooved stone similar to Waco Sinker. Artifacts found in road cut.
106	McReynolds, Richard L., Ben McReynolds, and Mike McReynolds	6	2	Additional Paleo-Indian Artifacts from San Miguel Creek, Atascosa County, Texas	Paleo-Indian artifacts, Angostura, Plainview, Golondrina, and Clear Fork from surface collections described.
107	McReynolds, Richard L., Ben McReynolds, and Mike McReynolds	7	3	Additional Paleo-Indian Artifacts from Southwestern Atascosa County, Texas	Paleo-Indian artifacts from San Miguel Creek area of Atascosa County described. Types include Golondrina, Angostura, and Clear Fork.
108	McReynolds, Richard L. and Keith Grunewald	8	1	An Archaeological Sample from an Undocumented Edwards Site in Northern Bexar County, Southern Texas	Discusses excavation of vandalized site in Bexar County. Artifacts from site primarily Edwards point. Dart points found suggest site occupied during most of Archaic.
109	Meier, Carl J., Jr. and Thomas R. Hester	3	1	Paleo-Indian Artifacts from the Meier Site, Southeast Texas	<i>Clovis, Plainview and Angostura points from Meier Site and vicinity (about 13 miles east of La Grange, Fayette County) discussed.</i>
110	Mitchell, Jimmy L.	1	1	An Archaeological Site in Atascosa County, Texas	Surface finds by A. J. Hoover site on San Miguel Creek in southern Atascosa County discussed. Artifacts; Angostura, Desmuke, Pedernales, Abasola, Gary, Edgewood, Fresno, and Alba projectile points plus two pottery pieces.
111	Mitchell, Jimmy L.	1	2	An Unfluted Folsom-like Projectile Point from Webb County, Southern Texas	Very large, thin projectile point with some Folsom-like attributes discussed. Specimen from Johnson collection. Found on Rio Grande River above Laredo.

112	Mitchell, Jimmy L.	2	1	Ground Stone Ornaments in Southern Texas	Summary ground stone artifacts found in region. Include; gorgets, pendants, celts, three-quarter grooved axes, boatstones, Waco Sinkers, and plummets. Four gorgets from Dimmit County illustrated.
113	Mitchell, Jimmy L.	2	2	A Pottery Pipe from LaSalle County, Texas	Artifacts from site 41LS13 on Las Raices Creek in southwestern LaSalle County discussed. Artifacts; pottery pipe bowl, reed arrow point, and two triangular points from A. J. Hoover Collection.
114	Mitchell, Jimmy L.	2	4	A Tentative Chronology Framework for Southern Texas	Tentative summarization of periods, diagnostic artifacts, etc. for southern Texas presented in single page chart.
115	Mitchell, Jimmy L.	3	4	An Alibates Dolomite Scraper from Wilson County, Texas	Large flake scraper from Bly collection, near Sayers, Texas, described. Material is Alibates dolomite from Texas panhandle, probably Late Prehistoric.
116	Mitchell, Jimmy L.	3	3	Artifacts from the Johney Creek Area of LaSalle County, Southern Texas	<i>Marcos, Darl, Morhiss, Ensor, and Perdiz points from site 41LS15 near Johney Creek in the Frio River drainage are discussed.</i>
117	Mitchell, Jimmy L.	3	1	A Tentative Type of Late Paleo-Indian Point from South Texas	Unusual point from Johnson collection compared with points in the literature; named the Orchard point because of earlier publication by Orchard and Campbell illustrating similar specimen.
118	Mitchell, Jimmy L.	4	4	41CM52 - A Salvage Site in Comal County, Texas	Materials salvaged from site in Comal County temporarily accessible after floods of 1972 on the Guadalupe River below Canyon Dam. Artifacts; Frio, Darl, and Marcos points, plains knife, fire reddened rock, scrapers and bone.
119	Mitchell, Jimmy L.	5	4	The Turtle Creek Phase: An Initial Late Prehistoric Component in South Texas	Evaluation Sollberger's Turtle Creek Focus, A. D. 860-A. D. 1130, involving Edwards and Scallorn arrow points, trade pottery; definition of Edwards distribution and postulation of Turtle Creek Phase as initial of Late Prehistoric in region.
120	Mitchell, Jimmy L.	6	3	Comanche and Kiowa in Blanco Canyon - Review of an Article by Wayne Parker entitled Mackenzie's Supply Camp	Review of article which discusses historic military site on high plains. MacKenzie describes fortifications built in 1872 to protect U. S. Army troops stationed there to control the Comanche and Kiowa groups.
121	Mitchell, Jimmy L.	7	4	Brief Ethnographic Notes on the Indians of Mission San Juan de Capistrano	Ethnographic accounts of Indians who lived at this Spanish mission are discussed.
122	Mitchell, Jimmy L.	7	4	Brief Notes on the Archaeology of Mission San Juan de Capistrano	Discussion of previous archaeological investigations at mission site presented. Metal projectile points from site described.
123	Mitchell, Jimmy L.	7	3	Book Review: Digging Into South Texas Prehistory, by Thomas R. Hester	Review of Hester's book which discusses archaeology of South Texas.
124	Mitchell, Jimmy L.	8	2	Avocational Archaeology: A Progress Report	Recent activities of STAA are presented.
125	Mitchell, Jimmy L.	8	3	Book Review: Historic Indian Groups of the Choke Canyon Reservoir and Surrounding Area, Southern Texas, by T. N. Campbell and T. J. Campbell	Review of report by Campbell and Campbell. Provides overview of historic Indians of South Texas.
126	Mitchell, Jimmy L.	8	4	Book Review: Wax, Men, and Money, by Curtis Tunnell	Review of Tunnell's report which discusses historic gathering, production, and marketing of wax from sites along the Rio Grande region of Trans-Pecos Texas.
127	Mitchell, Jimmy L.	9	2	Book Review: Allens Creek: A Study in the Cultural Prehistory of the Lower Brazos River Valley, Texas, by Grant D. Hall	Review report of excavations in Allens Creek area along Lower Brazos River Valley, Texas.
128	Mitchell, Jimmy L.	9	1	Publication Announcement - Preliminary Archaeological Survey and Testing at Fort Inge, Texas, by George Nelson	Review report which documents the 19th Century Fort Inge in Uvalde County, Texas.

129	Mitchell, Jimmy L.	9	4	The Sabinal Point	Presents evidence for new point type, Sabinal, for South Texas Archaic. Evidence suggests point localized and centered in Uvalde and Real Counties. Distributional data for point presented.
130	Mitchell, Jimmy L.	10	3	Editorial Comment: Hester Versus Carroll	Reply to comments by Hester and Carroll concerning the Medina point type and initiation of Type Review Committee to regulate introduction of new point types (see Carroll 1983, Hester 1983).
131	Mitchell, Jimmy L.	10	4	Book Review: Traces of Texas History: Archaeological Evidence of the Past 450 Years, by Daniel E. Fox	Review of Fox's book which presents comprehensive study of historical archaeology as practiced in Texas with discussions of major sites and periods of Texas history.
132	Mitchell, Jimmy L., Thomas R. Hester and Wayne Parker	7	2	A Bannerstone from Padre Island on the Texas Coast	Half of slate, winged bannerstone found in the sand dunes of Padre Island (Cameron County) described.
133	Mitchell, Jimmy L. and Lynn Highley	9	1	Notes on a Metal Projectile Point from Southern Texas: The Bromley Cooper Collection	Metal projectile point from Victoria County described.
134	Mitchell, Jimmy L. and Shirley Van der Veer	10	3	Late Prehistoric Projectile Points from the Vicinity of the Dan Baker Site, 41CM104, Comal County, Texas	Assemblage of late prehistoric projectile points found in vicinity of Dan Baker Site discussed. Includes; Edwards, Clifton and Perdiz.
135	Mokry, E. R. , Jr.	3	2	Notes on an Altered Quartzite Cobble from Webb County	Pablo Meyer Site (41WB5), situated on north bank of dry tributary of Lobo Creek, discussed. Surface-collected materials include Abasolo, Trotugas, Frio, Langtry, Lerma, Gary, Scallorn, and Perdiz points; quartzite cobble.
136	Mokry, E. R. , Jr.	3	1	Notes on Paleo-Indian Projectile Points from McMullen County	<i>Plainview and Golondrina bases from site seven miles west of Tilden, Texas on Leoncita Creek described.</i>
137	Mokry, E. R. , Jr.	4	1	Preliminary Report on Investigations of a Multi-component Archaeological Site: 41NU33	Discusses site which produced 1,478 historic artifacts, a late Archaic cemetery with Tortugas points, a Late Prehistoric campsite with Perdiz and Fresno points and Rockport pottery. Site is on Oso Creek in eastern Nueces County.
138	Mokry, E. R. , Jr.	6	4	Survey of Archaeological Sites in Starr County, Texas	Results of survey along upper Arroyo Los Olmos in west-central Starr County, Texas described. Five sites, all prehistoric, discussed
139	Mokry, E. R. , Jr.	9	4	A Brief Description of Three Items from the Arthur Bickman Collection	Article wrongly attributed to Ed Mokry; actually written by Rita Gunter (See Gunter 1982). Correction notice for this error published January 1983 issue - 10(1)28.
140	Moore, Bill	9	4	Report of Testing at the Wells Rockshelter (41RE53); A Middle Archaic Site in Real County, Texas	Documents findings of test excavations at undisturbed rockshelter in Real County. Projectile points from site predominantly Pedernales.
141	Moore, Bill	10	2	Analysis of Surface-Collected Materials from 41GL12, an Archaic Site in Gillespie County, Texas	Describes collection of artifacts from surface of burned-rock midden and adjacent area on bank of Pedernales River. Primary artifact is Pedernales.
142	Moore, Bill and Roger Moore	9	1	Annotated Bibliography of Texas-Related Articles in the Plains Anthropologist, 1947-1981	Articles concerning Texas archaeology published in the Plains Anthropologist described.
143	Orchard, C. D.	1	4	Planning Site Surveys	Discusses proper use of maps, correspondence, and review of previous surveys in planning site survey.
144	Orchard, C. D.	10	4	Notes Relative to the Historic Gathering of Peyote in South Texas	Describes historical accounts of peyote collecting trips and some of the physical remains of these activities which may aid future archaeologists in identifying peyote collection area sites.
145	Parker, Wayne	5	3	Notes on Two Early Man Dart Points from Zapata County, Southern Texas	<i>Golondrina and Angostura points found on a site in Zapata County, Texas near Falcon Lake described.</i>
146	Parker, Wayne	7	4	Refashioned Clovis Point from an Early Apache Site, Crosby County, Texas	Four-way beveled knife, believed fashioned from a Clovis point described.
147	Parker, Wayne	9	2	An Ox Shoe and Metal Scraping Tool from the Montgomery Site	Two historical metal artifacts excavated from an historic Indian site in Floyd County are described.

148	Parker, Wayne	9	4	The Wooden Bow Burial Site, Floyd County, Texas	Recent Indian burial from rockshelter in Floyd County described. Complete wooden bow recovered in addition to Washita arrow point, bone awl, stone elbow pipe, and two sandstone shaft-smoothers.
149	Parker, Wayne	10	4	Preliminary Notes on a Clovis Point Associated with Mammoth Tusk Fragments in Hockley County, Texas	Possible mammoth kill site on the Llano Estacado is discussed.
150	Parker, Wayne	10	1	Three Metal Projectile Points from a Historic Indian Workshop Site	Description of three unfinished metal projectile points and three cut metal fragments found just off the caprock rim in southern Crosby County. Artifacts from Wheeler Site (41CB29).
151	Parker, Wayne and Jimmy L. Mitchell	6	2	Notes on Some Bell Points from a Site in Crosby County, Texas	<i>Bell points from eastern edge of Llano Estacado described. Typological similarities with Calf Creek (Arkansas and Oklahoma) and Charcos (Southwestern Coahuila, Mexico) noted.</i>
152	Patterson, L. W.	1	3	A Multiple Rock Midden Site	Reports site 41BN8 (Bandera County), consists of three separate burned rock middens on cliff top along Hondo Creek. Artifacts; Abasola, Angostura, Travis-like, Frio, and Scallorn points; grooved pendant.
153	Patterson, L. W.	1	1	Prismatic Blade Distribution in Texas	Review of lithic industry in state with distributional map of reported blade recoveries.
154	Patterson, L. W.	1	2	Three Sites in Jim Wells County	Discussion of sites 41JW3, 41JW4, and 41JW5, located on Freeborn Ranch in southern Jim Wells County, along Lagarto Creek. These are late Archaic sites which have produced chips, scrapers, cores, flakes, and a Desmuke point.
155	Patterson, L. W.	2	4	411HR210, A Multi-component Site in Harris County, Texas	Stone pendant, bone pendant, hafted microlith with asphaltum, and point types Almagre, Palmillas, Kent, Ellis, and Perdiz found in low sandy mound on bayou on former stream bed in wooded area of Harris County near Houston.
156	Patterson, L. W.	2	1	A Quarry Site in Medina County, Texas	Discussion of site 41ME3, a site which stretches 1500 feet along a hill top with three main areas of lithic scatter. Large prismatic blades, cores, hand axes, and no diagnostic points were found from the site, judged to be Archaic.
157	Patterson, L. W.	3	3	The Hillboldt Site, Austin County, Texas	Site 41AU7 discussed. Artifacts; sandy paste sherd, historic glazed sherd, and Plainview, Kent, Pedernales, and Scallorn projectile points.
158	Patterson, L. W.	5	1	An Archaic Rock Midden (41BN11), Bandera County, Texas	Site on Hondo Creek produced burins, mano, triangular, single-shouldered, Frio, Fairland, Bulverde, Plainview, Abasola, Angostura, and Gower points.
159	Patterson, L. W.	6	3	An Alternate Explanation of Edge Damage on Gower Points	Patterson discusses how edge damage found on Gower points may reflect manufacturing process as well as having functioned as a tool for cutting (See Kelly 1979).
160	Patterson, L. W.	6	4	Archeological Summary of the Upper Texas Coast	Overview of 20-county area of southeast Texas presented.
161	Patterson, L. W.	6	1	Experimental Heat-Treating of Flint	Heat-treating techniques utilizing flakes from chert collected in Fayette County, Texas described.
162	Patterson, L. W.	7	2	Comments on the Gibson Lithic Cache	Comments on earlier report which described the Gibson lithic cache from Oak Creek Reservoir in West-Central Texas.
163	Patterson, L. W.	8	4	A Chert Cobble Flaking Experiment	Results of experiment in chert cobble flaking intended to replicate quarry site and remote campsite discussed. Raw materials obtained from Fayette County.
164	Patterson, L. W.	8	2	A Late Paleoindian and Archaic Rockshelter, Pecos County, Texas	Surface collection of rockshelter site described. One Angostura-like point collected.
165	Patterson, L. W.	8	1	Paleoindian Lithic Technology and New Associated Dates for Site 41ME3, Medina County, Texas	Discussion of thermoluminescence method of dating lithics and dates obtained from samples from site 41ME3.

166	Patterson, L. W.	9	2	Initial Employment of the Bow and Arrow in Southern North America	Early diffusion of bow and arrow from far north to southern North America is discussed as well as associated types of lithic technology.
167	Patterson, L. W.	9	1	Some Prehistoric Sites on the Uvalde-Zavala County Line, Texas	Surface collections of four prehistoric sites described. Based on Frio dart point, one site tentatively assigned to Late Archaic. Three not assigned.
168	Patterson, L. W.	10	1	An Archaeological Survey in Northwest Val Verde County, Texas	Survey of area along east side of Pecos River described. Eleven sites recorded, one is possible historic Indian site.
169	Patterson, L. W. and W. Robert Wehner	2	4	The Las Moras Site in Kinney County, Texas	Site 41KY14, on Las Moras Creek in central Kinney County, described. Surface collection from site yielded dart point fragments, chips, chopper, cores, blades, Plainview, Castroville, Langtry, Perdiz, Scallorn, Harrell, Zavala or Figueroa points.
170	Patterson, L. W. and J. H. Adams	4	2	An Archaeological Complex in Kendall County, Texas	Nine sites on ranch on upper Cibolo Creek described. Sites date from Pleistocene through Middle Archaic. Sites 41KE69 and 41KE73 produced Mousterian-like artifacts and site 41KE72 produced Angostura, Gower, and Tortugas points.
171	Prewitt, Elton R.	10	3	<i>Andice: An Early Archaic Dart Point Type</i>	Provides information for proposed new Archaic dart point type, Andice. Type based on specimens from San Patricio, Travis, and Williamson Counties.
172	Saunders, John T. and Elaine L. Saunders	5	1	A Ranch Survey in the Upper Santa Isabella Watershed, Webb County, Texas	Statistical comparison of collections in East and West Branch sections of Santa Isabella Creek. Point types include Fresno, Perdiz, Bulverde, Gary, Matamores, Tortugas, and Lerma. Other tools analyzed include Guadalupe and Clear Fork.
173	Schmiedlin, E. H.	2	2	A Grooved Stone Artifact from Victoria County, Texas	Fully-grooved hammerstone, or axe, of brownish quartzite found on gravel bar in Spring Creek described.
174	Schmiedlin, E. H.	6	1	A Preliminary Report on the Burris Site (41VT66) , Victoria County, Texas	Late Archaic site containing bison bones discussed. Decorated bone found.
175	Schmiedlin, E. H.	8	2	Preliminary Investigation of the Kerlick Sites, DeWitt County, Texas	Report of testing and surface collecting from four prehistoric sites in DeWitt County. Arrow point with asphaltum collected.
176	Schuetz, Mardith K.	7	4	An Historical Outline of Mission San Juan de Capistrano	Overview of history of Mission San Juan de Capistrano presented. Diagram of mission included.
177	Scruggs, Lang, Joel Gunn and Norman Hitzfelder	5	2	The Hitzfelder Bone Collection	Analysis of osteometric data from bone materials from Hitzfelder Cave near Cibolo Creek in northern Bexar County described.
178	Shafer, Harry J.	3	2	The Consideration of Lithic Refuse at Archaeological Sites	Analysis of role of lithic refuse in study of archaeological sites in Choke Canyon presented. Sites studied are in Live Oak and McMullen counties.
179	Shafer, Harry J.	6	1	Additional Comments on Altered Quartzite Cobbles and Pebbles from Central and Southern Texas	Presents comments by Shafer concerning previous study conducted by M. F. Chadderdon in Victoria County (See Chadderdon 1976).
180	Shafer, Harry J.	6	3	Comments of Kelly's "Gower Projectile Points?" Article	Shafer argues wear patterns on Gower points may be the result of use as projectile points instead of being used for cutting and slicing of wood as Kelly (1979) has proposed. Additional observations concerning this type are presented.
181	Shafer, Harry J.	9	1	Survival of the Wittiest: Archaeological Challenges in Southern Texas	Shafer presents insight of how prehistoric peoples were able to survive from local foodstuffs in seemingly harsh environment of South Texas.
182	Shafer, Harry J. and Roy Hanus	1	4	Asphalt Hafted Tools from Bee County, Texas	Report of two dart points with asphalt on stems from locations along Aransas River. Perdiz and Scallorn arrow points recovered with no asphaltum suggests that asphalt used during Archaic.
183	Skinner, S. Alan	4	3	Amateur Archaeologists as Conservationists	Role of amateurs in Texas archaeology, need for data on sites by county, and request for assistance is discussed.

184	Skinner, S. Alan	6	2	The Bushwack Shelter (X41KR116), Kerr County, Texas	Describes a rockshelter excavated during Texas Archaeological Society field schools of 1971 and 1972. Site apparently served as temporary camp occupied repeatedly from Middle Archaic until about A.D. 1200.
185	Skinner, S. Alan	6	4	The Paris Site (X41KR1), Kerr County, Texas	Discusses excavations at Paris Site, one of four sites tested at TAS field schools of 1971 and 1972. Site contained burned rock midden and adjacent living and working areas.
186	Skinner, S. Alan	6	3	The Real Site (X41KR166). Kerr County, Texas	Burned rock midden excavated by TAS field school of 1972 described. It is proposed that the mound was constructed during the Neo-American period.
187	Smith, Brent W.	2	4	An Analysis of Faunal Remains from 41HR210	Faunal remains from site identified as white tail deer, turtle, bison or cow, and bird. Thirteen specimens exhibited some modification. See Patterson 1975 for discussion of site.
188	Smith, Harvey P., Jr.	1	1	Double Hafted or Double Pointed?	Unusual lithic artifact found along San Miguel Creek in Frio County discussed. Several possible functions for artifact postulated.
189	Smith, Harvey P., Jr.	2	4	Dig That Square: A Lesson from Timmeron Rockshelter	Reports finding of small ear of corn during STAA excavation at Timmeron Rockshelter (41HY95).
190	Smith, Harvey P., Jr.	4	4	The Lift-Out Technique - A Prehistoric Living Floor, Phase II	Second report on use of Lift-Out Technique to recover and transport archaeological matrix from site to laboratory. Technique discussed is from Baker Cave, Val Verde County.
191	Smith, Harvey P., Jr.	7	4	Developmental Phases at Mission San Francisco de la Espada	Various construction phases of Spanish mission discussed.
192	Smith, Harvey P., Jr.	7	2	Mission Espada: Research and Restoration	Overview of history of mission presented. Also, previous work involving restoration of site discussed.
193	Smith, Harvey P., Jr.	7	1	Painted Mayan Vases of Belize	Certain vessels from east coast of Belize described. Discusses special features which may isolate them by provenience and culturally.
194	Smith, Harvey P., Jr.	8	2	Spanish Governor's Palace	Overview of Spanish Governor's Palace in San Antonio, Bexar County, Texas presented.
195	Smith, Harvey P., Jr. and Tom McGuire	3	3	The Lift-Out Technique - A Prehistoric Living Floor	Documents removal of one-meter square of deposit from Baker Cave in Val Verde County for transport to laboratory (see Smith 1977).
196	Smith, Herman A.	6	2	The Discovery of What May be a Wheeled Toy from Pre-Colombian Mexico in a South Texas Museum	Unique artifact from John E. Conner Museum on campus of Texas A&I University in Kingsville, Texas described.
197	Smith, Herman A.	9	4	Burned Clay Objects in Southern Texas Archaeological Sites: A Reevaluation	Discusses how natural causes can create burned clay objects which resemble those made by man.
198	Smith, Herman A.	9	3	Rockport Pottery of the Lower Texas Coast: Style Versus Function	Function of asphaltum, often found on specimens of Rockport pottery along the South Texas Coast discussed.
199	Sollberger, J. B.	5	3	An Animal Effigy from Kerr County, Texas	Stone image of ground squirrel or prairie dog with incised whiskers, recovered from burned rock midden in southwestern Kerr County, discussed. Level of mixed arrow points and dart points, dated tentatively at A.D. 500 - A.D. 1500 observed.
200	Sollberger, J. B.	5	4	A New Type of Arrow Point with Speculations as to its Origins	Initial report of the Edwards arrow point. Author hypothesized Edwards as a miniature dart point with demonstration of various dart points and Edwards counterparts; hypothesized Turtle Creek Focus based on distribution of point type.
201	Sollberger, J. B.	5	4	A Prehistoric Rockshelter in Kerr County, Texas	Report on Goat Bluff Rockshelter in southeast Kerr County. A bone awl, antler tines, graters, knives, dart points, and arrow points Edwards, Cuney, Scallorn, and triangular recovered. Reprinted from The Record, 8(3), 1949.

202	Sollberger, J. B.	5	4	Three Sites in Atascosa County, Texas	Report of three sites on White Brush Creek near confluence with Atascosa River. Dart points, corner-tanged knives, Edwards, Perdiz, Scallorn, bulbar based, and triangular arrow points found at site. Reprinted from The Record 9(3), 1951.
203	Sollberger, J. B.	7	3	Archaeological Myths:	Further comment on the Gibson lithic cache which appeared in La Tierra 7(2)32-33.
204	Sollberger, J. B.	7	2	Flakes, Blades, and Cores	Discussion of misconceptions which may arise from use of term 'blade' in an archaeological context. This article comments on Tunnell's discussion of Gibson Lithic Cache in Coke County.
205	Sollberger, J. B.	9	2	Reflections	Discusses past and future directions in archaeology.
206	Spencer, Lee	8	1	Distinguishing Man-Made from Natural Fractures	Discussion of primary quantifiable criteria inherent in man-made fractures versus naturally occurring fractures in chert artifacts.
207	Tunnell, Curtis	7	2	Response to Patterson and Sollberger	Reply to comments made by Patterson (1980) and Sollberger (1980) concerning his report describing the Gibson Lithic Cache.
208	Valdez, Fred, Jr.	6	1	A Summary of Recent Survey and Testing Activities in Southern Bexar County, Texas	Discusses a survey which recorded ten sites and tested one (41BX333 and 41BX358) have historic components.
209	Valdez, Fred, Jr., Joy White, and L. D. White	8	4	Three Point Fragments of the Late Paleo-Indian Period from LaSalle County, Southern Texas	Surface-collected point fragments believed from Paleo-Indian Period described.
210	Vela, Armando	9	4	Observations on Discoloration in Grain Sorghum and Land Snail Shells	Discussion of how mineral deficiency in grain sorghum can lead to yellowish discoloration in plants. Condition may be associated with concentrations of snail shells, indicative of an archaeological site.
211	Warren, James E.	2	4	A Sandstone Artifact from the Choke Canyon Reservoir Area, Southern Texas	Sandstone artifact with engraved lines found in Live Oak County in Choke Canyon Reservoir on Frio River.
212	Weir, Frank A. and Glen H. Doran	7	3	A Brief Report on the Anthon Site (41UV60)	Test excavations from prehistoric habitation site on the Nueces River in Uvalde County described. New projectile point type, Anthon, described.
213	Wilson, David M. and James E. Warren	2	2	Observations on Archaeological Remains at Pueblo de los Indios, Northern Mexico	Temple mounds high in mountains on ranch about 150 miles south of Brownsville, near city of Victoria described.
214	Woerner, Michael C. and Lynn Highley	10	1	The Bromley F. Cooper Collection of Pre-Archaic and Archaic Dart Points from McMullen County	Pre-Archaic and Archaic projectile points from the Bromley Cooper Collection described. Types; Abasolo, Bell, Bulverde, Carrizo, Catan, Darl, Desmuke, Early Corner-Notched, Edgewood, Ensor, Fairland, Frio, Gower, Kent, Lange, and Langtry.
215	Campbell, T. N.	11	1	The Cacaxtle Indians of Northwestern Mexico and Southern Texas	Reports history, culture and language of Cacaxtle Indians during late 17th century. Spanish expeditions of 1663 and 1665 caused such damage that Indians never recovered and ethnic identity lost by 1708.
216	Priour, Donald James	11	1	A Painted Rock from Kerr County, Texas	Documents unusual painted rock recovered from surface of burned rock midden in an unnamed arroyo in Bear Creek drainage north of Guadalupe River in Kerr County, Texas.
217	Chandler, C. K.	11	1	Lithic Resources in the Texas Coastal Bend	Reports search for and eventual discovery of several lithic sources in the Texas coastal bend.
218	Highley, Lynn	11	1	Guadalupe Tools from Zavala County	Discusses surface collection of prehistoric artifacts collected along Nueces River near La Pryor in Zavala County, Texas. Artifacts; bifaces, unifaces cores and Guadalupe tools.
219	Mitchell, Jimmy L. and C. D. Orchard	11	2	Three Corner Tang Artifacts from the Olmos Dam Area, Bexar County, Texas	Three corner tang artifacts from Olmos Dam area of northern Bexar County documented from Orchard collection. Specimens represent three different varieties of corner tangs.

220	McReynolds, Richard L. and C. K. Chandler	11	2	Two Tanged Knife Forms from Val Verde County, Texas	Documents four fragmentary corner tang knives from rockshelters on edges of Edwards and Stockton Plateaus in Val Verde County, Texas. Wear analysis revealed two types both hafted knives but used to cut different materials.
221	Mitchell, Jimmy L. , C. K. Chandler and T. C. Kelly	11	2	The Rudy Haiduk Site (41KA23): A Late Archaic Burial in Karnes County, Texas	Over 50 artifacts associated with terrace burial near Falls City in Karnes County, Texas. Artifacts; Marcos projectile points, corner tang knives, drills, preforms, limestone gorget, ironstone, deer antler tines, quartz, asphaltum.
222	Neureuther, Rita	11	3	A Pictograph Site on the Guadalupe River in Kendall County, Texas	Documents pictograph site located along Guadalupe River near Sisterdale, Texas in rural Kendall County. Pictograph sites are rare in this section of the state, making this site a significant discovery.
223	Chandler, C. K.	11	3	Two Metal Projectile Points from Central Texas	Documents unusual ,expanding stem, metal projectile point from Comanche County in north-central Texas, and a straight stemmed iron arrow point recovered from along Pedernales River area of Central Texas.
224	Patterson, L. W.	11	3	Experimental Meat Cutting with Stone Tools	Replication of Brose's experimental use of lithic flake to process meat failed to confirm wear patterns reported. There does not appear to be differential wear with processing of the meat of various species as Brose has implied.
225	Street, Bette F.	11	3	Notes on Guadalupe Tools from the Robards Hill Area of Northeastern Bexar County, Texas	Three Guadalupe tools recovered from Robards Hill area of the northeastern section of San Antonio in Bexar County. Site locations and material suggests the hilltops along the Balcones Escarpment were heavily utilized as lithic work stations.
226	Smith, Ray	11	3	Notes on Three Iron Projectile Points from South Texas	Three metal points from the Billy Evans collection are documented. These artifacts are from South Texas, probably from Uvalde County
227	Garber, James F. and Michael D. Orloff	11	3	Excavations at 41HY37: An Archaic Site on the Balcones Escarpment in San Marcos, Texas	1983 Southwest Texas State University Archaeology Field School tested site 41HY37 near Aquarena Springs, San Marcos, in Hays County, Texas. Eight units were opened and a few artifacts were recovered from the middle archaic site.
228	Pollan, Johnney T., Jr.	11	4	Location of the Earliest Wharton Family Cemetery at the Eagle Island Plantation	Reports the location of earliest Wharton family cemetery at Eagle Island Plantation in Brazoria County, Texas. History of plantation and cemetery are presented.
229	Ward, Paul M.	11	4	A Statistical Analysis of Archaic Projectile Points from the Nueces River Area of Central South Texas: The Bromley Cooper Collection	Bromley Cooper collection includes archaic projectile points from both sides of the Nueces River in Duval, LaSalle, Webb and McMullen Counties. Analysis of this database of 2213 points suggests the Nueces River may represent a cultural boundary.
230	Weber, C. D.	11	4	Comments on Morphological Relationships of Corner Tang Artifacts based on Experimental Replication	Describes flint knapping technique that produces large pressure flake scars like those observed on prehistoric corner tang artifacts, Marcos and Ensor points.
231	Hester, Thomas R.	12	1	Notes on South Texas Archaeology: 85-1	First of a series of short papers dealing with topics of interest in archaeology. Paper includes comments on historic excavation of La Villita, Fairmont Hotel, site looting in the Hill Country, land development in Bandera and Medina County.
232	Gunter, Rita R.	12	1	The Ben Bickham Collection from North Padre Island, Texas	Discusses number of small shell-working drills and variety of arrow points in the Ben Bickham collection from areas on northern half of Padre Island in Coastal Bend area of southern Texas.

233	Sollberger, J. B. and William B. Carroll	12	1	Guadalupe Tools: Were They Used for Defleshing Hides?	Attempt made to reach beyond typological names to find functional use for Guadalupe tool. Proposed tool form may have been early Texas invention for defleshing hides.
234	Dolezal, Thomas M.	12	1	Basic Quadrangle Sheet Usage	Presents analysis of basic information available on quadrangle maps. Uses of maps are discussed.
235	Texas Historical Commission	12	1	A New Short Form for Site Reporting from the Texas Historical Commission	New form developed by Office of the State Archaeologist for use initial recording archaeological and historical sites. Form summarizes information required for issuance of Trinomial Site Number.
236	Johnson, Malcom L.	12	1	What's in a Name? - An Examination of Indian Groups Along the Central and Southern Texas Coast	Recorded names of some protohistoric and early historic Indian groups located along central and southern Texas coast may be compound Spanish words containing unanalyzed information about habits, culture, or physical characteristics.
237	Hester, Thomas R.	12	2	Notes on South Texas Archaeology: 85-2 A Ceramic Platform Pipe from Duval County, Southern Texas	Discusses ceramic platform pipe from Duval County, southern Texas
238	Saunders, R. K.	12	2	Recovery of Drowned Rio Grande River Artifacts, Zapata and Starr Counties, South Texas	Recovery of lithic artifacts from areas normally flooded by Falcon Reservoir in Zapata and Starr counties described. Artifacts; tools and points ranging from Paleo-Indian to Historic Periods.
239	Weber, C. D. and L. W. Patterson	12	2	A Quantitative Analysis of Andice and Bell Points.	Analytical criteria for quantitative attributes of Andice and Bell points presented. Statistical analysis of types concluded Bell and Andice types may represent continuum of single technological tradition of Early Archaic.
240	Priour, Donald James	12	2	A Clovis Point from Kerr County	Describes Clovis point found on surface in upper Guadalupe watershed of Kerr County, Texas.
241	Moore, Bill	12	2	Additional Artifacts from Site 41GL12 in Gillespie County, Texas	Additional artifacts and data added to Moore's earlier paper [See Moore 1983 , 10(2) :14-22].
242	Johnson, Malcom L.	12	2	What's in a Name?: Part 2	Further analysis of name of some early historic Indian groups presented to evaluate hypothesis such names Spanish "nicknames" containing information about groups.
243	Hester, Thomas R.	12	3	Notes on South Texas Archaeology: 1985-3 Form and Function: Hand Axes, Fist Axes and Butted Knives	Form and function: hand axes, fist axes and butted knives.
244	Hall, Grant D.	12	3	Comparative Ecologies: The Texas Chaparral Versus the Australian Outback	Describes and compares ecology, history and archaeology of South Texas brush country with Australian Outback.
245	McGregor, Roberta	12	3	Facial Reconstruction of a Lower Pecos Skull	Applying restoration technique used forensic anthropology, artist Betty Pat Gatliff reconstructed face of Lower Pecos man whose skeleton had been recovered during Shumla excavations in 1933.
246	Harrison, Robert R.	12	3	A Report on the Haiduk Site Burials	Discusses analysis of five Karnes County burials from Rudy Haiduk property near Falls City, Texas.
247	Hester, Thomas R. and Dorothy M. Brown	12	4	Notes on South Texas Archaeology: 1985-4 A Cache of Bifaces from Southern Texas	Cache of bifaces from southwestern Dimmit County, Texas.
248	Johnson, Malcom L.	12	4	Relationships of Protohistoric Indian Groups Along the Central and Southern Texas Coast (What's in a Name? : Part 3)	Analysis of language groupings of some protohistoric Indian groups located central and southern Texas coast presented and relationships among groups hypothesized.
249	Smith, Herman A.	12	4	The Karankawa Indians of the Texas Coast: Folklore Versus Fact	Examines ethnohistoric and archaeological evidence of Karankawa Indians of Central Texas Coast, reported to be both giants and cannibals.

250	Patterson, L. W.	12	4	Additional Data for Bandera County Sites	Materials recovered Bandera County sites 41BN8, 11 and 12 reported. Materials; graters, prismatic blades, cores and points Gower, Martindale, Nolan, Travis, Bulverde Montell, Frio, Scallorn.
251	Neureuther, Rita	12	4	Archaeology of the Allen Haag Ranch: A Survey of Goss Creek, Kendall County, Texas	Reports survey of Goss Creek, tributary of Guadalupe River carried out enhance the archaeological knowledge of area. Points recovered; Clovis, Scallorn, Frio, Pedernales, Marshall, Lange, Montell, Angostura.
252	Hester, Thomas R.	13	1	Notes on South Texas Archaeology: 86-1 The Need for Site Recording in Southern Texas	Discusses need for site recording in southern Texas.
253	Turpin, Solveig A.	13	1	The Meyers Springs and Bailando Shelters: Iconograph Parallels	Pictograph of four dancers site 41VV666 quite similar to panel at Meyers Springs (41TE9), 80 miles away. These two pictographs appear expressions of same ideogram, possibly portraying common ritual event.
254	Howard, Margaret Ann	13	1	The Leyendecker Burial, Colorado County, Texas	Reports analysis of skeletal materials from Leyendecker Site (41CD62) located on relict channel of Colorado River in Colorado County, Texas. Individual was young adult and had suffered both ear and tooth infections.
255	Ricklis, Robert A. and Rita R. Gunter	13	1	Archaeological Investigation at the Means Site (41NU184), Nueces County, Texas	Means Site(41NU184) located west of Corpus Christi on edge of Pleistocene terrace which overlooks southern margin of lower Nueces River floodplain. Artifacts; Archaic/Late Prehistoric points, preforms, gouges, cores.
256	Hester, Thomas R.	13	2	Notes on South Texas Archaeology: 86-2 The Texas-Idaho Obsidian Connection	Discusses chemical link between Escondido Ranch group obsidian artifacts and Malad source of material found in southern Idaho.
257	Chandler, C. K. and Joseph H. Labadie	13	2	Two Early Ceramic Whistles from Southern Texas	Documents two additional fired clay whistles from Bexar and Medina Counties. Third previously reported whistle also discussed.
258	Neureuther, Rita	13	2	Cecil's Rockshelter: The Goss Creek Shelter No. 2 (41KE110), Kendall County, Texas	Reports excavation of Goss Creek Shelter No. 2 Site(41KE110). Shelter used Archaic and Late Prehistoric periods. Artifacts; charcoal, fresh water mussel, flakes, bone, Edgewood, Edwards, Ensor, Castroville, etc.
259	Huebner, Jeffery A.	13	2	Texas Coastal Clay Objects: Hypotheses Testing by Archaeological Experimentation	Experimental replication of several styles of hearths undertaken to evaluate suggestions on creation and use of clay balls often found at prehistoric sites on Texas coast. Results documented.
260	Hester, Thomas R.	13	3	Notes on South Texas Archaeology: 86-3 The Archaeology of Greater South Texas: An Overview	Overview of archaeology of greater South Texas.
261	Saunders, R. K.	13	3	Preliminary Report on the Fox Draw Site (41GL175): An Archaic Midden Site in Gillespie County, Texas	Describes initial excavation of shallow midden site in Gillespie County, Texas, appears occupied mainly during Early to Middle Archaic times, possibly in Late Paleo-Indian times.
262	Chandler, C. K.	13	3	Notes on a Metal Projectile Point from Bexar County, South-central Texas	Documents unusual brass projectile point from Bexar County in south-central Texas. Recovered from near surface of burned rock midden which contained Archaic and Late Prehistoric artifacts.
263	Weber, C. D.	13	3	An Analysis of Discriminant Function Values of Andice and Bell Points	Tabulation of discriminant function values calculated for Andice and Bell projectile points from Central Texas presented.
264	Hester, Thomas R.	13	4	Notes on South Texas Archaeology: 86-4 A Rock Art Site in Southern Texas	Discusses rock art site (41WB56) in Webb County, Texas.
265	Ricklis, Robert A.	13	4	A Late Prehistoric Residential Activity in the Texas Coastal Bend: A Preliminary Report on Findings at the McKinzie Site (41NU221), Zone I	Excavations conducted at McKinzie site near Corpus Christi in 1984 and 1985. Features noted and artifacts recovered reported.
266	Turpin, Solveig A.	13	4	An Example of a Mythical Creature in Pecos River Style Art: Southwest Texas	Distinct figure, repeated at eight pictograph sites in Lower Pecos River region, combines elements not found in nature, suggesting represents character in mythology or oral history of Archaic artists.

267	Patterson, L. W.	13	4	Fired Clay Balls in Southeast Texas	Archaeological evidence in southeastern Texas seems to contradict Huebner's experimental finding that fired clay balls are by-product of hearth building. Intentionally made clay balls recovered from sites in Texas and Louisiana.
268	Johnson, Malcom L.	13	4	Site 41NU190: Indications of Ceremonial Activity on the Texas Coast	Discusses large flint knives found sites along Texas Coast. Possibly used ceremonial purposes. Points; Bell, Andice, Calf Creek, Charcos, Palmillas, Marcos, Perdiz.
269	Hester, Thomas R.	14	1	Notes on South Texas Archaeology: 1987- 1 Problems and Progress in Paleo-Indian Studies in Southern Texas	Discusses problems and progress in Paleo-Indian studies in southern Texas.
270	Kelly, Thomas C.	14	1	Archaeology of the Gamenthaler Valley, Gillespie County, Central Texas	Gamenthaler Creek drainage in Gillespie County, Texas produced over 600 Paleo-Indian and Archaic projectile points. Discusses private collections which include Golondrina, Angostura, Barber, Nolan, Pedernales, Marcos, Frio, Edwards.
271	Dusek, Curtis	14	1	A Case for the Hungry Snail	Small holes in freshwater mussel shells attributed to human workmanship, use of shell as tool or ornament, Holes may be natural phenomenon--carnivorous snail. The Choke Canyon area discussed.
272	Goebel, Patsy, Robert Goebel, and Jim Mitchell	14	1	Notes on a Metal Arrow Point from McCulloch County, Texas	Documents unusual metal arrow point from, McCulloch County. Recovered from surface of ridge near San Saba River in Central Texas.
273	Johnson, Malcom L.	14	1	Two Metal Points from Osage, Colorado County, Texas	Documents two iron projectile points found by local resident early 1930's at site of old Osage community, in Colorado County.
274	Hester, Thomas R.	14	2	Notes on South Texas Archaeology: 1987-2 Early Texas Geologists as Observers of Archaeological Phenomena	Discusses early Texas geologists as observers of archaeological phenomena.
275	Priour, Donald James	14	2	A Preliminary Report on the "Butted Knife" Biface Survey	Documents preliminary report on "butted knife" biface type of artifact resulting from a survey form sent to members of TAS and STAA.
276	Garber, James F.	14	2	Transitional Archaic Structure and Activity Areas at the Zatopec Site, San Marcos, Texas	Reports 1983-86 Southwest Texas State University field school and excavation at Zatopec Site (41HY163), San Marcos area, in Hays County, Texas. Site occupied during Archaic and Late Prehistoric periods.
277	Chandler, C. K.	14	2	An Incised Stone from Bexar County, Texas	Incised and/or grooved stones rare in archaeological sites, and function and age continue open to considerable speculation. A single specimen from northwestern Bexar County is described and discussed.
278	Kelly, Thomas C.	14	2	Paleo-Indian Points from the Choke Canyon Reservoir Area of Live Oak and McMullen Counties, Southern Texas	Eight Paleo-Indian projectile point fragments, recovered during the UTSA-CAR project in Choke Canyon Reservoir area, reanalyzed and documented. Golondrina, Miniature Plainview, and the tentative "Levi" types present in collection.
279	Hester, Thomas R.	14	3	Notes on South Texas Archaeology: 1987-3 Paleo-Indian Artifacts from Chaparrosa Ranch, Southern Texas	Paleo-Indian artifacts from Chaparrosa Ranch, southern Texas discussed.
280	Bement, Leland C.	14	3	Ephemeral Site Morphology: Fuller Shelter (41KY27), Kinney County, Texas	Reports small rockshelter in Kinney county that appeared used as way station and disposal of the dead.
281	Brown, Kenneth M. and Rochelle J. Leneave	14	3	An Incised and Grooved Limestone Cobble from Edwards County	Discusses unusual grooved limestone cobble found by Mr. Joe McFatter west of Nueces River in Edwards County.
282	Madrid, Enrique R.	14	3	Archaeological Stewardship in the Big Bend	Archaeological Stewards are volunteer agents of the Office of the State Archaeologist. Article is summary of activities of Steward for Redford Texas area.
283	Johnson, Malcom L.	14	3	Three Bone and Shell Artifacts from the Upper Texas Coast	Documents bone flute, shell bracelet, and shell bead found on southeast Texas coast near Anahuac in Chambers County.

284	Hester, Thomas R.	14	4	Notes on South Texas Archaeology: 1987-4 Archaeological Excavations at Site 41ME34, Medina County, Texas	Discusses archaeological excavations at site 41ME34 in Medina County Texas.
285	Huebner, Jeffery A.	14	4	A Toyah Horizon Bone Tool from Victoria County	Describes distinctive bone artifact from Toyah Horizon bison processing site (41VT66) in Victoria County, Texas. Postulated tool form utilized in initial stage of bison processing.
286	Brown, Kenneth M.	14	4	Further Documentation of Goss Creek Shelter (41KE110)	Documentation of Goss Creek Shelter in form of photographs, measured profile, and limited notes on stratigraphy.
287	Chandler, C. K.	14	4	Preliminary Report of a Rare Form of Prehistoric Indian Art	Rare and hardly known prehistoric art form, painted snail shells, in Lower Pecos Rio Grande area is illustrated and described and its cultural placement suggested.
288	Kelly, Thomas C.	14	4	Typological Errors in Archaeology: Reanalysis of Examples and Results	Several purported Paleo-Indian projectile points recovered from Bear Creek area of Brewster County, Texas, reanalyzed and found erroneously classified.
289	Sollberger, J. B.	14	4	Archaeology: A definition	Essay on meaning of Archaeology, comments on need for replicative studies to confirm or disconfirm ethnohistoric accounts.
290	Hester, Thomas R.	15	1	Notes on South Texas Archaeology: 1988-1 On Preforms and Projectile Points	Discusses lithic reduction process that produces preforms and ultimately projectile points. Illustrative material from Kendall County.
291	Bement, Leland C. and Solveig A. Turpin	15	1	A Folsom Point from Hinds Cave, 41VV456, Val Verde County, Texas	Discusses excavation and analysis of Hinds Cave, a large rock shelter in Val Verde County known for long archaic sequence preserved in deep, dry stratified deposits.
292	Saunders, R. K.	15	1	Interim Report on the Fox Draw Site (41GL175): An Archaic Midden Site in Gillespie County, Texas	Describes second phase excavation of shallow midden site in Gillespie county, Texas. Done in May, 1986. See Saunders 1986: 13 (3) 6-27.
293	Kennedy, Skip and Jim Mitchell	15	1	Metal Arrow Points from the Vicinity of Fort Lipantitlan (41NU54), Nueces County, Texas	Eight metal arrow points recovered from vicinity of historic Fort Lipantitlan in northern Nueces County, Texas discussed.
294	Hester, Thomas R.	15	2	Notes on South Texas Archaeology: 1988-2 Studies of an Obsidian Clovis Point from the Central Texas Coast and Other Paleo-Indian Obsidian Artifacts from Texas	Discusses studies of obsidian Clovis point from Central Texas Coast, and other Paleo-Indian obsidian artifacts from Texas.
295	Brown, Kenneth M.	15	2	Some Annotated Excerpts from Alonso de Leon's History of Nuevo Leon	Presents suggested translation of parts of two chapters of Alonso de Leon's history of conquest of Nuevo Leon dated 1649.
296	Moore, William E.	15	2	Analysis of Surface-Collected Materials from Site 41GL19, A Late Prehistoric Site in Gillespie County, Texas	Describes artifacts from surface site 41GL19 on Pedernales River in south-central part of Gillespie County. Artifacts; Darl, Ensor Scallorn, Edwards, Perdiz.
297	Saunders, R. K.	15	2	A Possible Late Paleo-Indian Site on Chiltipin Creek, San Patricio County, Texas	Potential Paleo-Indian site exposed by flood control work along Chiltipin Creek in San Patricio County east of Sinton, Texas.
298	Hester, Thomas R.	15	3	Notes on South Texas Archaeology: 1988-3 Arrow Shaft Straighteners in Southern Texas and Some California Ethnographic Comparisons	Arrow shaft straighteners in southern Texas and some California ethnographic comparisons.
299	Highley, Lynn, Jeffery A. Huebner, Joseph H. Labadie, Rochelle J. Leneave and Robert R. Harrison	15	3	Salvage Archaeology at the Brandes Site (41AU55), Austin County, Texas	In 1987 archaeologists from UTSA-CAR carried out salvage operations at prehistoric cemetery located in Austin County. Indications are that cemetery utilized during Late Prehistoric and/or Transitional Archaic Periods.
300	Chandler, C. K.	15	3	Miniature Corner Tang Artifacts from Bexar County, Texas	Four unusually small Corner Tang artifacts documented, described and illustrated. Wear analysis indicates extensive use as tools used for variety of functions.

301	Cox, Kim A. and Herman A. Smith	15	3	Kent-Crane Revisited	Excavations at the Kent-Crane Site, a massive shell midden, in Aransas County, Texas suggest site occupied seasonally by pre-Rockport Complex populations and all seasons by Rockport Complex peoples.
302	Hester, Thomas R.	15	4	Notes on South Texas Archaeology: 1988-4 Mesoamerican Artifact Occurrence in Southern, Central and Western Texas: An Update	Presents update on Mesoamerican artifact occurrence in southern, Central and western Texas.
303	Kelly, Thomas C.	15	4	The Nockenut Clovis Point	Reports recovery of Nockenut Clovis point in Wilson County in 1986.
304	Labadie, Joseph H.	15	4	Mocha Ware Ceramic Artifacts from the La Villita Earthworks Site	Presents results of original archival and historical research conducted during 1987 on Mocha ware, a variety of ceramic ware. Examples from La Villita Earthworks presented.
305	Patterson, L. W.	15	4	Chronology of Arrow Point Types in South Texas	Discusses chronology and possible sources of Perdiz and Scallorn points in South Texas.
306	Bauman, Jerry L.	15	4	A Brass Arrow Point from Nueces County, Texas	Documents brass projectile point recovered from surface of large site in northern Nueces County, Point was surface find from site 41NU 209.
307	Hester, Thomas R.	16	1	Notes on South Texas Archaeology: 1989-1 Kincaid Rockshelter, the La Jita Site, and the Archaeology of the Sabinal River Revisited	Revisits Kincaid Rockshelter, La Jita Site and archaeology of Sabinal River.
308	Mitchell, Jimmy L.	16	1	Celebrating 15 Years of STAA	Retrospective of accomplishments of STAA during its first fifteen years.
309	Chandler, C. K.	16	1	Paleo-Indian Artifacts from the Dan Baker Site (41CM104)	Report of excavations at Dan Baker Site (41CM104) in Comal County, ongoing since 1977. Established occupation during Paleo, Archaic and Prehistoric periods. Paleo points; Plainview, Angostura, Clovis, bifacial gouge.
310	Collins, Michael B., Grant D. Hall and C. Britt Bousman	16	1	Archaeological Applications of Geochronological Techniques in Southern Texas	Relatively new techniques of radiocarbon and thermo-luminescent dating on natural deposits or soils provide useful alternatives for dating common host archaeological materials in southern Texas.
311	Patterson, L. W.	16	1	Early Dates for the Pedernales Point	Recent radiocarbon dates for Pedernales point indicate point type use at earlier date than previously believed.
312	Heavey, Shaun M.	16	1	Wrapped Limestone Flakes from Shumla: A Physical Analysis of Vegetal Remains and Possible Relationship to Other Artifacts	Identification leafy material and fibrous binding present on four shaped limestone flakes discussed.
313	Largent, Floyd B. Jr. and Elinore Stewart	16	1	A Folsom Point from Live Oak County, Texas	Documents recovery of Folsom fluted projectile point from Live Oak County in South Texas.
314	Hester, Thomas R.	16	2	Notes on South Texas Archaeology: 1989-2 A Late Archaic Burial from the Lower Nueces River Drainage, Live Oak County, Texas	Late Archaic burial from Lower Nueces River Drainage, Live Oak County, Texas, discussed.
315	Dusek, Curtis	16	2	Incident on Salt Creek	Relates incident during the Sutton-Taylor in McMullen County circa 1869.
316	Steele, Janet Fitzsimmons	16	2	Archaeology at Bear Creek Scout Reservation	Excavation of Bear Creek Site (41KR172) in Kerr County, Texas during 1983 and 1984 reported.
317	Hester, Thomas R., Jeffery Huebner, Paul Maslyk, Christine Ward and Jon Hageman	16	3	Notes on South Texas Archaeology: 1989-3 Excavations at Two Sites in Uvalde County, South Central Texas	Discusses 1989 University of Texas at Austin archaeological field school in northeastern Uvalde County, Sabinal Valley. Sites 41 UV132 and 41UV 21 were excavated.
318	Brown, Kenneth M.	16	3	The Bingaman Cache of Stone Tools from Webb County	Documents 23 stone tools collected from Rio Grande gravel deposits in 1949 by M. E. Bingaman in northwestern Webb County. Artifacts; Guadalupe tools and other pick-like bifacial forms.
319	Chandler, C. K.	16	3	Paleo-Indian Projectile Points from Kendall County: The George S. Meyer Collection	Documents George S. Meyer Collection recovered period of many years from middens in lower hill country near San Antonio.

320	Hester, Thomas R.	16	4	Notes on South Texas Archaeology: 1989-4 A Cremation Burial from a Site in Dimmit County, Southern Texas	Cremation burial from site in Dimmit County, southern Texas.
321	Turner, David G.	16	4	Archaeological Research at Mission Espiritu Santo (41GD1): A Synopsis	Reports lack of proper documentation for three major excavations at Mission Espiritu Santo de Zuniga in Goliad State Historical Park in Goliad County between 1933 and 1977. Paper affords partial report.
322	Moore, William E.	16	4	An Andice Point from the Fietsam Site (41FY52), Fayette County, Texas	Fietsam Site located in Fayette County adjacent to unnamed tributary of Lone Pool Creek. Much of site disturbed by gravel quarry in area. Documents the site. Fragmentary Andice collected at site.
323	Brown, Kenneth M. and A. J. Taylor	16	4	A Comment on Metal Arrow Points	Authors propose that evidence of chiseling and filing metal arrow points found at Fort Lipantitlan is indication points made by blacksmiths not by Indians themselves.
324	Chandler, C. K.	16	4	A Metal Arrow Point from Terrell County, Texas	Documents iron arrow point from south-central Terrell County in eastern Trans-Pecos region of southwest Texas.
325	Bauman, Jerry L.	16	4	A Brass Arrow Point from San Patricio County, Texas	Documents large brass arrow point recovered in town of San Patricio, San Patricio County, Texas. Projectile recovered by author, from surface of newly disturbed area.
326	Turner, Ellen Sue	16	4	Early Settlement in Stonewall, Texas	Documents settlement of town of Stonewall in Gillespie County, Texas.
327	Patterson, L. W., R. W. McCausland and J. D. Hudgins	16	4	Site 41CD122, A Long Occupation in Colorado County, Texas	Describes assemblage of lithic artifacts from preceramic site 41CD122 in Colorado County, Texas. Points; Ensor, Travis, Plainview, Angostura.
328	Hester, Thomas R.	17	1	Notes on South Texas Archaeology:1990-1 The Status of Archaeology in Northeastern Mexico	Status of archaeology in northeastern Mexico.
329	McClure, W. L.	17	1	A Snake Necklace from the Morhiss Site	Burial from Morhiss Site in Victoria County, Texas contained group of snake bones subsequently described as a necklace.
330	Saunders, R. K.	17	1	Second Interim Report on the Fox Draw Site (41GL175): An Archaic Site in Gillespie County, Texas	Documents results of continuing excavation of Fox Draw Site in Gillespie County (41GL175).
331	Chandler, C. K.	17	1	<i>Clovis Points from Comanche and Falls Counties, Texas</i>	<i>Clovis points from Comanche and Falls counties of Central Texas are documented.</i>
332	Bauman, Jerry L.	17	1	A Possible Mesoamerican Artifact from Nueces County, Texas	Documents possible Mesoamerican artifact, face on a ceramic disk, discovered Nueces County, Texas. Ceramic artifact recovered from surface of recently disturbed area along Nueces River.
333	Flaigg, Norman G.	17	1	Four Metal Points from Butte County, South Dakota	Four metal points from northwestern South Dakota described and commented on in this report.
334	Hester, Thomas R.	17	2	Notes on South Texas Archaeology: 1990-2 A Large Biface from Atascosa County, With Comments on the Function of Such Artifacts in Prehistoric South Texas	Documents large biface from Atascosa County with comments on function of such artifacts in Prehistoric South Texas.
335	Warren, James E.	17	2	Stephen F. Austin and Roma, Texas - 1823	Discusses letter indicating active interest in town of Roma by Stephen F. Austin, in 1823.
336	Chandler, C. K.	17	2	A Folsom Point from Bexar County, Texas	Documents and illustrates fragmentary Folsom point from southeastern Bexar County, Texas.
337	Kelly, Thomas C.	17	2	The La Vernia Folsom Point, Wilson County, Texas	Documents fragmentary Folsom point from Cibolo Creek in Wilson County, Texas.
338	Hudgins, Joe D. and L. W. Patterson	17	2	Two Aboriginal Sites in Jeff Davis County, Texas	Describes Archaic and Late Prehistoric lithic artifacts found by Joe D. Hudgins on surface at two aboriginal sites in mountainous region of Jeff Davis County, Texas.

339	Chandler, C. K.	17	2	A Clovis Point from Kendall County, Texas	Reports, describes and illustrates Clovis point from Kendall County, Texas. Found on surface of small campsite along Guadalupe River near Waring. Montell point also recovered.
340	Beadles, Murray L.	17	2	Faunal Remains from the Bammel Site, 41KR10, in Kerr County, Texas	Reports Bammel Site, 41KR10; Archaic site in Kerr County. Faunal remains include bone, teeth skeletal parts. Lithic artifacts; Montell, Castroville, Marshall, Pedernales, Nolan, La Jita.
341	Patterson, L. W. and J. B. Sollberger	17	2	The Significance of Beveled Edges on Projectile Points	Presence of beveling on projectile point edges may or may not have significance as diagnostic attribute for a specific point type.
342	Hester, Thomas R.	17	3	Notes on South Texas Archaeology: 1990-3 Early Archaic "Eccentric" Lithic Artifacts in Southern and Central Texas	Early Archaic "eccentric" lithic artifacts in southern and Central Texas.
343	Johnson, Malcom L.	17	3	Probable Spanish Colonial Copper Dirk	Describes small copper knife or dirk found near Mission San Jose in San Antonio, Texas, and discusses tools available to do metal working.
344	Chandler, C. K.	17	3	An Arrow Shaft Straightener from the Texas Trans-Pecos	Documents grooved stone from southern Terrell County in eastern Trans-Pecos area of Texas. These grooved stones have been ethnographically documented as being used for straightening of arrow shafts.
345	Collins, Michael B. and Karen S. Collins	17	3	A Metal Arrow Point Found Imbedded in the Moore-Hancock Log House, 41TV1405, Travis County, Texas	Metal arrow point found embedded in log wall of a 19th century house in Travis County is described and discussed.
346	Mitchell, Jimmy L. and C. K. Chandler	17	3	Paleo-Indian Artifacts from the Medina River Area of Southern Texas	Four possible Paleo-Indian artifacts surface collected from fields of Johnson farm southeastern Medina County, Texas is documented. Points; Clovis and Gower.
347	Patterson, L. W.	17	3	Interactions Between Indians of the Southern Plains and the Southeast Woodlands	Interactions between Indians groups using technological traditions of southern Plains and southeastern Woodlands discussed using southeast Texas as study area.
348	Townsend, Richard E., Jr.	17	3	Possible Almagre Points from the Panther Springs Creek Site	Possible Almagre projectile points from Panther Springs sites described and discussed. Also speculated these points are true type and not preform.
349	Hester, Thomas R.	17	4	Notes on South Texas Archaeology: 1990-4 Radiocarbon Dates from Archaeological Excavations in Medina County	Radiocarbon dates from archaeological excavations in Medina County.
350	McReynolds, Richard L. and Charles K. Chandler	17	4	An Incised Stone from Atascosa County, South Central Texas	Sandstone artifact recovered from site along Miguel Creek in Atascosa County, Texas, appears naturally formed but is incised with series of fine lines to form deliberate patterns comparable to some incised bone artifacts.
351	Chandler, C. K.	17	4	A Fired Clay Figurine from Bexar County, South Central Texas	Descriptive data provided for a fired clay figurine from southeastern Bexar County, Texas. Unlike any previously reported figurine in Texas and cultural attribution uncertain.
352	Bement, Leland C.	17	4	Archaeological Assessment of 41HY197: The Beecroft Site Complex, Hays County, Texas	Reports program to assess site potential of Beecroft Site Complex, 41HY197 in Hays County, Texas. Determined that uncontrollable vandalism severely limited possibility any significant contributions.
353	Chandler, C. K.	17	4	A Stone Pipe from the Lower Pecos Region of Val Verde County, Texas	Large, heavily engraved, tubular stone pipe described and discussed. Pipe appears significant for heavy engraving.
354	Garrett, Clay M. and Timothy D. Smith	17	4	Lithic Artifacts from a Late Paleo-Indian Site in Terrell County, Texas	Describes surface-collected lithic artifacts from Paleo site near Washboard and Isinglass Canyons in Terrell County, Texas. Presence of Plainview points may denote human occupancy ca. 10,000 years ago.

355	Hester, Thomas R., Frank Asaro, Fred Stross Helen Michel, Anne C. Kerr and Pamela Headrick	18	1	Notes on South Texas Archaeology: 1991-1 An Overview of the Results of the Texas Obsidian Project	Overview of results of the Texas Obsidian Project.
356	Chandler, C. K.	18	1	Marine Shell Artifacts from Bexar and Medina Counties, Texas	Conch shell artifacts from sites along Medina River and its tributary drainages in Bexar and Medina counties documented and described.
357	Huebner, Jeffery A.	18	1	Radiocarbon and the North American Archaeologist	Discusses technical improvements in accuracy and reliability of radiocarbon dating.
358	Chandler, C. K.	18	1	An Incised Stone Pendant from Val Verde County, Texas	Incised stone pendant from Val Verde County, Texas, with unusual design on both faces documented and illustrated.
359	Evans, Glen L.	18	1	The Rucker Cave, Edwards County, Texas	Reports search for and discovery of water source in concealed cave on Ranch of E. T. Rucker near Del Rio, Texas.
360	Smith, Timothy D. and Clay M. Garrett	18	1	<i>Clovis Points from Southeast Dallas County, Texas</i>	Describes and illustrates two Clovis points from southeast Dallas County and one possible Ross County Clovis distal fragment . Artifacts recovered from sand and gravel pit operations and no longer in true stratigraphic context.
361	Hester, Thomas R.	18	2	Notes on South Texas Archaeology: 1991-2 The Plainview Points from the St. Mary's Hall Site, South Central Texas	<i>Plainview points from the St. Mary's Hall Site, South Central Texas.</i>
362	Turpin, Solveig A.	18	2	Shields and Shield Bearers in the Rock Art of the Middle Rio Grande	Shield Shelter, 41VV1088, is 16th historic pictograph recorded in Lower Pecos River region. Twenty-seven horseshoes are contained within a circle that is in turn framed by paired undulating lines.
363	Ricklis, Robert A. and Kim A. Cox	18	2	Toward a Chronology of Adaptive Change During the Archaic of the Texas Coastal Bend Area	Radiocarbon age data discussed in terms of implications for defining a chronology of adaptive change during 6,500 years of Archaic occupation of Coastal Bend area.
364	Chandler, C. K.	18	2	An Incised Pebble from Val Verde County, Texas	Elaborately incised stone from rockshelter in Val Verde County, Texas described and illustrated. Incised design, this stone one of very few designs that finds parallels on painted pebbles in the Lower Pecos.
365	Moore, William E.	18	2	A Probable Aboriginal Gunflint from Site 41LK293 in Live Oak County, Texas	Probable aboriginal gunflint from Live Oak County, Texas described and discussed.
366	Hester, Thomas R. and Dennis Knepper	18	3	Notes on South Texas Archaeology: 1991-3 Further Notes on the Lithics from the Plainview Occupation at the St. Mary's Hall Site, South Central Texas	Notes on lithics from Plainview occupation at St. Mary's Hall Site, South Central Texas.
367	Birmingham, W. W. and Jeffery A. Huebner	18	3	Incised Bone and Conch Shell Artifacts from the Texas West Indies Site (41VT9)	Reports salvage archaeology conducted at Texas West Indies Ranch Site in 1961 due to road construction which exposed skeletal remains. Many shell and bone artifacts recovered from 29 burials.
368	Turner, Ellen Sue	18	3	A Corner-Notched Biface from South Central Texas	Presents criteria for corner-notched biface common in lithic collections from Medina, Bandera and Bexar counties. Specimens have single, deep, corner notch found on one basal corner.
369	Patterson, L. W.	18	3	The Effect of Percussor Tip Diameter	Results presented which examines effect of percussor striking tip diameter on dimensions of chert flakes produced by quartzite hammerstones.
370	Bauman, Jerry L.	18	3	Two Metal Arrow Points from Nueces County, Texas	Documents two iron points recovered from surface of large Indian mound, Bluntzer Site, 41NU209, in Nueces County.

371	Theusen, Kevin	18	3	Results of Preliminary Excavations in Sorcerer's Cave, Terrell County, Texas	Archaeological excavations conducted at Sorcerer's Cave (41TE282) in 1990. Excavation yielded local variation of Toyah projectile point which corresponds with Late Prehistoric radiocarbon date from wooden mortar inside cave.
372	Hester, Thomas R.	18	4	Notes on South Texas Archaeology:1991-4 On the Importance of Archaeological Collections	On importance of archaeological collections.
373	Guderjan, Thomas H.	18	4	At the Escarpment Edge: An Initial Report on Excavations at Cueva Corbin	Report on small rockshelter of Cueva Corbin located on edge of Edwards Plateau on borders of Medina and Bexar counties near San Antonio, Texas.
374	Chandler, C. K. , Kay Hindes and Edward R Mokry, Jr.	18	4	Fired Clay Figurines from McMullen and Nueces Counties, South-Central Texas	Two fired clay figurines from south-central Texas, documented and illustrated. One specimen from Late Prehistoric Rockport time period, other may be more recent.
375	Baker, Barry W. and Brian S. Shaffer	18	4	Modified Bone and Antler from the Alabonson Road Site (41HR273) Harris County, Texas	Bone tool assemblage from Alabonson Road site includes seventeen worked elements and one possible bone tool.
376	Weber, C. D.	18	4	<i>Andice/Bell Projectile Point Notching Failures</i>	Attributes of seven types notching failures experienced during Andice/Bell replication experiments presented.
377	Hester, Thomas R. and Charles M. Whatley	19	1	Notes on South Texas Archaeology:1992-1 Archaeological Materials from Site 41UV20: Uvalde County, South-Central Texas	Materials from site 41UV20: Uvalde County, south-central Texas. Artifacts include burned rock midden, burial, Sabinal, Ensor, Frio, Pedernales, Kinney, Montell, Castroville, Lange, Marshall, Pandale, Tortugas.
378	Turner, Ellen Sue	19	1	Documenting Your Collection	Form useful for documenting your collection presented.
379	Smith, Timothy D. and Clay M. Garrett	19	1	A Folsom Point from Southeast Dallas County	Describes and illustrates fragmentary Folsompoint from southeast Dallas County, Texas.
380	Prewitt, Elton R. and C. K. Chandler	19	1	<i>Axtell: A Middle Archaic Dart Point Type</i>	<i>Axtell dart point type named by Frank Bryan in 1936 reviewed to provide current data regarding presumed early Middle Archaic style.</i>
381	Kuykendall, Mark C.	19	1	Archaeological Survey of the Lower San Geronimo Creek Watershed, South-Central Texas	Reports survey of lower Geronimo Creek watershed in Bexar, Medina and Bandera counties.
382	Hester, Thomas R. , Frank Asaro, Fred Stross and Robert D Giauque	19	2	Notes on South Texas Archaeology: 1992-2 On the Beach: Trace Element Analysis of an Obsidian Artifact from Site 41JF50, Upper Texas Coast	On the beach: Trace element analysis of obsidian artifact from site 41JF50, upper Texas coast.
383	Hall, Grant D.	19	2	Conch Shell Ornaments in Prehistoric Texas	Comment to Birmingham and Huebner concerning article "Incised Bone and Conch Shell Artifacts from the Texas West Indies Site".
384	Patterson, L. W.	19	2	Comments on the Axtell Dart Point Type	Patterson presents dissenting view to Prewitt and Chandler's proposed Axtell dart point as new type.
385	Chandler, C. K. and Leo Lopez	19	2	A Quarry Site in Western Duval County	Reports prehistoric lithic quarry site in area where no quarry sites recorded before. Site consists of large imbedded boulders of lithic material not previously identified in area of southwest Texas.
386	Guderjan, Thomas H. , Bob Baker, Britt Bousman, Maureen Brown, C. K. Chandler, Anne Fox and Barbara Meissner	19	2	Prehistoric Settlement in the Medina Valley and the 1991 STAA/ITC Field School	Summarizes accomplishments of first STAA/IPC field school. Discussion of methodology of Medina Valley project provide contextual information regarding efforts of field school.
387	Kelly, Thomas C.	19	2	Two Polyhedral Cores from Comanche Hill, San Antonio, Texas	Two polyhedral cores found Comanche Hill in San Antonio, Texas documented and suggestions made for use of blades removed from cores. Suggested time period for artifacts is Late Prehistoric.
388	Chandler, C. K.	19	2	Additional Stone Pipes from the Lower Pecos River in Val Verde County, Texas	Engraved tubular stone pipe similar to one described in previous report [17(4)31-34] and fragment of stone pipe broken in manufacture, reported.

389	Hester, Thomas R. and Charles M. Whatley	19	3	Notes on South Texas Archaeology: 1992-3 Chipped Stone Artifacts from Site 41DM59, Dimmit County, Southern Texas	Chipped stone artifacts from site 41DM59, Dimmit County, southern Texas. Artifacts; Perdiz, Guerrero, Edwards, Ensor, Shumla, Bell, Tortugas, Frio, Bulverde, Desmuke, Conejo, Lange, Martindale, corner tang, triangular, corner notched, drill, Toyah,
390	Chandler, C. K. and Don Kumpe	19	3	Decorated Freshwater Mussel Shell Artifacts from the Lower Rio Grande River of South Texas	Documents and illustrates eight specimens of freshwater mussel with incised and notched decorations.
391	Wesolowsky, Al B.	19	3	Adventures in the Bone Trade	Discussion of skeletal remains after uncontrolled digging event of prehistoric cemetery on Redfish Bay near Corpus Christi.
392	Lintz, Christopher	19	3	Late Prehistoric Decorated Freshwater Shells from West Central Texas: Examples of Portable Art from the O. H. Ivie Reservoir	Investigations of O. H. Ivie Reservoir in Concho, Coleman and Runnels counties. Recovered four fragmentary specimens of engraved freshwater shells from Toyah and pre-Toyah occupations dating between A.D. 1060 and 1550.
393	Chandler, C. K.	19	3	An Incised and Painted Pebble from Real County, Texas	Concerns pebble from Real County that is both incised and painted.
394	Beadles, Murray L.	19	3	A Preliminary Report on the Dewees Site. (41KR38), Kerr County, Texas	Report excavations at Dewees site in Kerr County. Artifacts; Angostura, Nolan, Pedernales, bifaces, cores, cobbles, burned limestone, scrapers, mano hammerstones, metates, graters, Edwards, Perdiz.
395	Hester, Thomas R. , Michael B. Collins and Pamela J. Headrick	19	4	Notes on South Texas Archaeology:1992-4 Paleo-Indian Engraved Stones from the Gault Site	Paleo-Indian engraved stones from Gault site, 41BL323.
396	Patterson, L. W.	19	4	Current Data on Early Use of the Bow and Arrow in Southern North America	Data summarized on present state knowledge regarding initial use of bow and arrow southern North America. Although not widely accepted, increasing evidence for introduction at least as early as 2000 B.C..
397	Turner, Ellen Sue and Ollie Schrank	19	4	Two Possible Guadalupe Tools from Hamilton County	Documents possible new locality Guadalupe tool use. Guadalupe tools found most frequently along Guadalupe and San Antonio Rivers.
398	Chandler, C. K.	19	4	A Polyhedral Blade Core from Northeast San Antonio, Bexar County, Texas	Describes and illustrates polyhedral blade core from northeast San Antonio, Bexar County, Texas. Cores this type generally considered of Paleo-Indian cultural association.
399	Collins, Michael B. and Pamela J. Headrick	19	4	Comments on Kelly's Interpretations of the "Van Autry" Cores	Two polyhedral cores from Comanche Hill reported by T. C. Kelly 1992: 19(2)29-33 possess technological affinities Paleo-Indian (Clovis) rather than Late Prehistoric (Toyah) blade cores and there are errors in Kelly's technological inferences.
400	Hester, Thomas R. , Diane Wilson, and Pamela Headrick	20	1	Notes on South Texas Archaeology:1993-1 An Austin Phase Burial from Frio County, Southern Texas: Archaeological and Physical Anthropology	Austin phase burial from Frio County, southern Texas: Archaeology and physical anthropology.
401	Chandler, C. K.	20	1	An Engraved Stone Pipe from Kerr County, Texas	Reports and illustrates large, deeply engraved stone pipe from Kerr County, Texas. Design of engraving different from any previously reported stone pipe in Texas.
402	Guderjan, Thomas H., Barbara Meissner, Bob Baker, C. K. Chandler, Skip Kennedy, Don McReynolds, H. Ray Smith, Frances Ward, Jan Watts, and Jose Zapata	20	1	The Medina Valley Project and the 1992 STAA-ITC Field School	Summarizes 1992 STAA-IPC field school accomplishments. Several associated sites excavated and additional survey undertaken.
403	Patterson, L. W.	20	1	Comments on Ricklis' Study of the Toyah Phase on the South Central Texas Coast	Alternate interpretations could be made for some of Ricklis' conclusions. See Plains Anthropologist 37(140):261-273.

404	Chandler, C. K. and Kay Hinde	20	1	Scottsbluff Points from Atascosa, Frio and McMullen Counties, South Central Texas	Describes and illustrates ten Scottsbluff points from Atascosa, Frio and McMullen counties in south-central Texas. Ten specimens reported greatly expands known number Scottsbluff points these counties.
405	Hester, Thomas R.	20	2	Notes on South Texas Archaeology: 1993-2 Studying the Archaic of Southern Texas and Northern Belize: Notes from the Field	Studying Archaic of southern Texas and northern Belize: notes from field.
406	Turpin, Solveig A., Joseph F. Powell and Steven M. Carpenter	20	2	A Collection of Prehistoric Artifacts from the Ocampo Region of Coahuila, Northern Mexico	Basketry, cordage and stone, bone and wood artifacts collected from Ocampo region described and compared similar specimens from other sites in Coahuila and Lower Pecos region of Texas.
407	Chandler, C. K.	20	2	Incised Pebbles from Bexar and Kerr Counties	Three small limestone pebbles with fine line incising illustrated and described. Two from burned rock midden in northwest Bexar County one from burned rock midden in Kerr County.
408	Saunders, R. K. and T. R. Hester	20	2	A Typological Study of Side-Notched Arrow Points from the Falcon Lake Region of Texas and Mexico	Side Notched Arrow Points (111 out of 148 specimens) from Rio Grande region of Texas and Mexico given tentative name Caracara.
409	Vereen, Royal L. III	20	2	A Late Archaic Burial in Bexar County, Texas	Documents possible late archaic burial salvaged from private ranch road building activities on ranch in northern Bexar County, Texas.
410	Patterson, L. W.	20	2	Prismatic Blade Technologies in Texas	Comments on Paleo-Indian large prismatic blade technologies and later small prismatic blade technologies at archaeological sites in Texas.
411	Hester, Thomas R. , Bryon D. Barber and Pamela Headrick	20	3	Notes on South Texas Archaeology: 1993-3 Insights into Clovis Technology: A Clovis Point from Atascosa County, Southern Texas	Insights Clovis technology: Clovis point from Atascosa County, southern Texas.
412	McReynolds, Richard L.	20	3	Some Examples of Bandy Points	Discussion for what author considers to be Bandy points.
413	Tanner, Paul and Ellen Sue Turner	20	3	Two Bone Artifacts from McFaddin Beach	Bone projectile point and bone awl recovered from McFaddin Beach site (41JF50) on upper Texas coast documented.
414	Chandler, C. K.	20	3	A Boatstone from Kerr County, Texas	Documents and illustrates boatstone from Kerr County in southern part of Central Texas. Rare find this area, appears to be southwestern limits for distribution in Texas.
415	Johnson, Malcom L.	20	3	A Color Chart	Reports results quest to identify colors used in article describing various glass beads.
416	Chandler, C. K. and Don Kumpe	20	3	Stemmed Points with Massive Barbs from the Lower Rio Grande Valley	Collection of large stemmed points with massive barbs from Starr and Zapata counties in the Lower Rio Grande Valley documented and discussed.
417	Saunders, R. K.	20	3	Third Interim Report on the Fox Draw Site (41GL175): A Paleo-Archaic Midden Site in Gillespie County, Texas	Describes excavation of shallow midden site in Gillespie County.
418	Hester, Thomas R.	20	4	Notes on South Texas Archaeology: 1993-4 Remembering the Alamo: 20 Years of Archaeology by The University of Texas at San Antonio	Remembering the Alamo: 20 years of archaeology by the University of Texas at San Antonio.
419	Chandler, C. K. and Don Kumpe	20	4	Pin Drills from Tamaulipas, Mexico	Tiny chert drills surface-collected from sites in coastal northeastern Tamaulipas, Mexico reported with supporting evidence of use in rotary fashion. Probable method obtaining proper size source material is explored.
420	Flaigg, Norman G.	20	4	A Report on Some Paleo-Indian and Early Archaic artifacts from the Sinkhole Site (41WM754), Williamson County, Texas	Several artifacts, mostly of Paleo-Indian or very Early Archaic origins, found in or near sinkhole near Georgetown, Texas described.
421	Chandler, C. K.	20	4	Metal Projectile Points from Medina County, Texas	Four metal projectile points from Medina County in south-central Texas illustrated and discussed. All four made of iron. Three are arrow points but fourth is spear or lance point.

422	Ricklis, Robert A.	20	4	Looking at the Data: A Response to Patterson	Ricklis responds to Patterson's comments on paper which appeared in Plains Anthropologist 37(140).
423	Chandler, C. K.	20	4	An Incised Pebble from North Bexar County, Texas	Small lightly incised limestone pebble from north Bexar County reported and illustrated. Incised and engraved pebbles rare in archaeological literature of Texas. Specimen reported to add data these scarce artifacts.
424	Hester, Thomas R., Evelyn D. Lewis, and Donald R. Lewis	21	1	Notes on South Texas Archaeology: 1994-1 An Archaeological Site at El Chorro Falls, Near Saltillo, Coahuila, Mexico	Site at El Chorro Falls, near Saltillo, Coahuila, Mexico.
425	Chandler, C. K.	21	1	Paleo-Indian Projectile Points from the Olmos Basin in San Antonio, Texas	Reports and illustrates Paleo-Indian projectile points from Olmos Basin in San Antonio, Texas. They are from private collections on and around San Antonio. Most were not known about or illustrated in 1989.
426	Turner, Ellen Sue	21	1	Harding Black: Potter and Early Excavator at Shumla and Eagle Caves	Discusses private collection of Harding Black pottery.
427	Patterson, L. W.	21	1	Chronologies in Southeast Texas: A Response to Ricklis	Reply comments by Ricklis (1993) on data from southeast Texas, evidence discussed for concurrent use of spear and bow and arrow during Late Prehistoric period of inland southeast Texas.
428	Troell, Stephen	21	1	Report from a 1993 Scholarship Recipient	Letter of appreciation for a grant from STAA.
429	Chandler, C. K. and Don Kumpe	21	1	Ground Stone Ornaments of the Lower Rio Grande	Ground stone ornaments from Lower Rio Grande reported and illustrated. Both rectangular and triangular forms represented. Artifacts recovered from sites in Starr and Zapata counties in Texas and in northern Tamaulipas.
430	Patterson, L. W.	21	1	An Experiment for Accidental Edge Damage of Lithic Flakes	Results given for experiment obtain edge damage on chert flakes by foot trampling. Comparisons made between accidental edge damage and edge damage from functional uses of utilized flakes.
431	Hester, Thomas R.	21	2	Notes on South Texas Archaeology: 1994-2 The Contexts of Trade Between the Brownsville Complex And Mesoamerican Cultures: A Preliminary Study	The contexts of trade between the Brownsville Complex and Mesoamerican cultures: A preliminary study.
432	Hill, T. C. ,Jr.	21	2	A Tribute to Solly	Letter of tribute for J. B. Sollberger
433	Turpin, Solvig A. and Scott Carpenter	21	2	Prehistoric Sandals from the Sierra de la Encantada, Coahuila, Mexico	Fourteen sandals collected from Sierra de la Encantada in northern Coahuila described and sorted into three categories based on construction methods.
434	Kelly, Thomas C.	21	2	A Large Biface Eccentric Found Near Colha, Belize	Large chert longitudinally symmetric biface eccentric found near Colha site in Belize described in detail and compared with other Belize lithic eccentrics.
435	Brown, Kenneth M.	21	2	Four Clovis Points from San Augustine County, Texas	Four surface-collected Clovis points (two complete, two fragmentary) from northeastern valley margin of Angelina River in San Augustine County described.
436	Hester, Thomas R.	21	3	Notes on South Texas Archaeology: 1994-3 A Case of Mistaken Identity: A Hafted Stone Tool That's Not from the Nueces River Drainage, Southern Texas	A case of mistaken identity: A hafted stone tool that's not from the Nueces River drainage, southern Texas.
437	Riemenschneider, Larry	21	3	Boat-Shaper Mortars in Reagan County, Texas	Paper to report, describe and discuss boat-shaped mortars in Reagan County, Texas.
438	Chandler, C. K. and Don Kumpe	21	3	Folsom Points from Deep South and Southwest Texas	Documents and describes six Folsom points from south and southwest Texas. All except one from counties bordering Rio Grande River. Exception from Duval County.

439	Land, Howard D. (Doug)	21	3	Dalton, A Closer Look	Well-made Dalton projectile points and knives of middle to late Paleo-Indian period occur throughout High Plains and Woodland regions of mid-continental America and throughout most of Texas.
440	Chandler, C. K. and Don Kumpe	21	3	Tubular Stone Pipes from the Lower Rio Grande Valley	Several tubular stone pipes from Lower Rio Grande Valley documented and discussed. Some from northeastern Tamaulipas, Mexico and some from Texas side of Rio Grande.
441	Chandler, C. K.	21	3	An Incised Stone Pipe from Uvalde County, Texas	Reports and illustrates decorated stone pipe from Uvalde County, Texas. Tubular stone pipes widely distributed in Texas, but those with decoration are extremely rare.
442	Chandler, C. K.	21	3	Early Ceramic Whistles from the San Antonio Area of South Texas	Documents two fired clay whistles from general area of San Antonio in South Texas. Type and style of whistle believed associated with early mission period in South Texas but may have more ancient history.
443	Patterson, L. W.	21	3	An Introduction to Lithic Analysis	Introduction to lithic analysis presented to give inexperienced individuals an idea of why and how lithic analysis is done.
444	Chandler, C. K. and Burnley Duke Smith	21	3	A Folsom Point from Tarrant County, North Central Texas	Documents and illustrates Folsom point from Dallas-Fort Worth area of north-central Texas. Surface find from northeast corner of Tarrant County.
445	Hester, Thomas R.	21	4	Notes on South Texas Archaeology: 1994-4 Large Triangular Bifaces as Grave Goods in Southern Texas: An Example from 41LC2, Lavaca County	Large triangular bifaces as grave goods in southern Texas: Example from 41LC4, Lavaca county. Points; Perdiz, Scallorn, Frio, Ensor, Darl, Bulverde, Pedernales, Golondrina.
446	Lewis, C. R.	21	4	Pleistocene and Holocene Bison with Associated Artifacts from the Petronila Creek Site in South Texas	Petronila Creek site (41NU246) has remains of two species of Bison, both associated with humans. Bison bison of Archaic age. Deeper from Pleistocene deposits apparently older than 16,880 years and contains <i>Bison antiquus</i> .
447	Dockall, Helen Danzeiser and John E. Dockall	21	4	Incidence of Virgin Nerite as Shell Ornaments at Morhiss (41VT1), An Archaic Cemetery Site	Use of Virgin Nerite shells as ornaments and grave goods documented from Morhiss site (41VT1) in southeast Texas.
448	Robinson, David G.	21	4	A Meserved Plainview Point from 41AT118, near La Parita Creek, Southeastern Atascosa County, Texas	<i>Plainview projectile point excavated from stratified context 41AT118, a buried site in drainage divide uplands above La Parita Creek in Atascosa River drainage, Atascosa County.</i>
449	Chandler, C. K.	21	4	Sandstone Artifacts from Terrell County, Texas	Artifacts made of sandstone rare in limestone areas of Texas. Documents two unusual artifacts made of ferruginous sandstone. From southern Terrell County in eastern Trans-Pecos.
450	Patterson, L. W.	21	4	Incidental Impact Breakage of Arrow Points	Results experiments incidental impact breakage of arrow points given, using brush piles, rock, trees, and soil as targets. Breakage types similar those published by others when using dead animal targets.
451	Hester, Thomas R.	22	1	Notes on South Texas Archaeology: 1995-1 Early Archaic Chronology in Southern Texas	Early Archaic chronology in southern Texas.
452	Chandler, C. K.	22	1	Stone Pipes from Bexar County, Texas	Documents and illustrates stone pipes from Bexar County, Texas where similar artifacts not recorded in literature. Both tubular and elbow types presented.
453	Patterson, L. W.	22	1	Perforator Use-Wear	Results experiments presented for perforator use-wear from drilling holes wood, ceramics and leather. Possible to determine perforator been used, difficult to identify type of material worked.
454	Inman, Betty, Thomas R. Hester, and T. C. Hill Jr.	22	1	Test Excavations at the Errol Jonsson #1 Site, 41ZV37, South Texas	Documents archaeological investigations by T. C. Hill, Jr. in 1971-1972 at the Errol Jonsson #1 site located in western Zavala County.
455	Riemenschneider, Larry	22	1	Incised Stones of the Boca de Potrerillos, Nuevo Leon, Mexico	Paper describes and illustrates eleven incised stones found state of Nuevo Leon, Mexico. Incised stones only documented examples in state.
456	Hester, Thomas R.	22	2	Notes on South Texas Archaeology: 1995-2 On the Promise and Perils of Field Schools	On the promise and perils of field schools

457	Highley, Lynn and V. Kay Hindes	22	2	41BX527: The History of Property Ownership with an Emphasis on the Residency of Theodore Heermann	History ownership property containing 41BX527 spans period from 1808 to present. History recounted focuses on years between 1855 and 1896 when Dr. Theodore Heermann owned property.
458	Highley, Lynn (Cheryl)	22	2	Excerpts from the Valmont Account Book as Recorded by Theodore Heermann	Theodore Heermann kept journals and account books throughout adult life. Valmont account book dates from 1856 to 1873 and provides wealth of information regarding development of Theodore's ranch, Valmont.
459	Casto, Stanley D.	22	2	A. L. Heermann and His Natural History Collections from San Antonio and the Medina River Valley, 1854-1865	A. L. Heermann collected around San Antonio and along Medina River from 1854 until 1865. Knowledge of freshwater mussels, amphibians, reptiles, and birds of area advanced through his shipments of specimens.
460	Hindes, V. Kay	22	2	Native American and European Contact in the Lower Medina River Valley	Paper examines aboriginal native american groups encountered by early Anglo-European explorers along Medina River in southwestern Bexar County.
461	Thoms, Alston V. and Steven W. Ahr	22	2	The Pampopa-Talon Crossings and Heermann Ranch Sites: Preliminary Results of the 1994 Southern Texas Archaeological Association Field School	Investigations at Pampopa-Talon crossings site 41BX528 yielded Perdiz arrow points, bone-tempered pottery, medium and large end-scrapers and cobble tools designated as "slickstones".
462	Hester, Thomas R.	22	3	Notes on South Texas Archaeology:1995-3 The Protohistoric Period in Southern Texas	The protohistoric period in southern Texas.
463	Chandler, C. K. and Kay Hindes	22	3	<i>Folsom Points from Atascosa, Frio, Live Oak and McMullen Counties</i>	Several Folsom points from four counties in northern part of south-central Texas documented, illustrated and discussed. In collections of eight different individuals and have been recorded over several years.
464	Brown, Kenneth M.	22	3	<i>San Patrice Points Made of Manning Fused Glass</i>	Six San Patrice points made of fused volcanic glass from Manning Formation described and illustrated.
465	Chandler, C. K. and Don Kumpe	22	3	A Stone Celt from Nuevo Leon, Mexico	Unusual stone celt from Nuevo Leon, Mexico described and illustrated.
466	Saner, Bryant Jr.	22	3	An In Situ Clovis Point Find from Kerr County	Documents and discusses in-situ Clovis point found in Kerr County.
467	Chandler, C. K.	22	3	A Ceramic "T"-Shaped Pipe from Kerr County, South Central Texas	Fired clay "T"-shaped pipe from near Hunt Texas in Kerr County reported and illustrated. Most unusual specimen and first reported this part of Texas.
468	Patterson, L. W.	22	3	Chert Cobble Reduction at 41FY56, Fayette County, Texas	Discussion on lithic artifacts from site 41FY56 in Fayette County, Texas, including chert cobble primary reduction strategies at this site.
469	Chandler, C. K. and James B. Boyd	22	3	A Decorated Stone Pipe from Val Verde County, Texas	Extensively decorated stone pipe documented and illustrated. Found Val Verde County. Prehistoric stone pipes with engraved decoration previously reported.
470	Driver, W. David	22	3	The Cochran Farm Site (41GZ2): A Summary of the Archaeological Testing Project	During summer 1972, archaeological field school for Southwest Texas State University conducted at Cochran Farm site, 41GZ2, Gonzales County. Artifacts; Travis, Godley, Marshall, Pedernales, Scallorn, Morrill.
471	Hester, Thomas R.	22	4	Notes on South Texas Archaeology: 1995-4 Issues Facing the Southern Texas Archaeological Association	Issues facing the Southern Texas Archaeological Association.
472	Chandler, C. K. and Don Kumpe	22	4	Long Rectangular Shell Pendants from the Lower Rio Grande Area of Tamaulipas, Mexico and Texas	Illustrates group long rectangular marine shell ornaments of type rarely reported or described in Texas literature.
473	Patterson, L. W.	22	4	Use of Chert as a Pressure Flaking Tool	Advantages and limitations chert flake as a pressure flaking tool discussed. Experimental examples this pressure flaking technique given.
474	Chandler, C. K. and Dwain Rogers	22	4	<i>Clovis Points from Montgomery and Brazoria Counties in Southeast Texas</i>	Four Clovis points surface-collected from undocumented sites near Houston reported and illustrated. Three from Montgomery County just north of Houston, one from Brazoria County.

475	Flaigg, Norman G.	22	4	A Study of Some Early Projectile Points from the J2 Ranch Site (41VT6), Victoria County, Texas: The Schmiedlin-Studer Collection	Documents and discusses excavations at J2 Ranch site.
476	Hester, Thomas R.	23	1	Notes on South Texas Archaeology: 1996-1 Spanish Colonial Archaeology in the Victoria, Texas Region	Spanish colonial archaeology in Victoria, Texas region.
477	Chandler, C. K.	23	1	A Basalt Shaft Straightener from Rattlesnake Canyon in Val Verde County	Documents and illustrates basalt shaft straightener from Rattlesnake Canyon in Val Verde County, Texas.
478	Patterson, L. W.	23	1	Drilling Holes in Shell	Experiments to drill holes in shell using a bow drill, described. Two bit types used, including (1) wet sand on end of wood drill shaft, and (2) hafted chert perforator on wood drill shaft.
479	Bauman, Jerry L.	23	1	Modified Land Snails from Nueces County, Texas	Describes two modified Rabdotus snail shells recovered from Bluntzer Site 41NU209, Nueces County. One snail shell coated with asphaltum, other has been cut.
480	Huebner, J. A., R. Blackburn, C. K. Chandler, J. L. Mitchell and E. H. Schmiedlin	23	1	Human Burial Recovery from, 41KA89, Karnes County, Texas	Skeletal remains representing a single, primary human interment excavated following accidental exposure at edge of sand pit on Rudy Haiduk property in Karnes County, Texas.
481	Chandler, C. K. and Richard McReynolds	23	1	Guadalupe Tools from Frio and Atascosa Counties, South Central Texas	Four Guadalupe tools from Frio and Atascosa counties documented and illustrated.
482	Cox, Kim A.	23	1	Surface Collections as Indicators of Change in Coastal Human Ecology	Archaic points in surface collections from estuarine sites along Central Texas Coast examined for patination and placed into local chronology. Estuarine sites plotted based on time-diagnostic points found those sites.
483	Boyd, James Bryan	23	1	41ZP178, Coffee Cup Hill: A Prehistoric Occupation Site in Zapata County, Texas	Archaeological site attributable mainly to Late Prehistoric period examined this report. The location and description of site presented, and analysis artifacts collected included.
484	Chandler, C. K.	23	1	An Engraved Limestone Pebble from, 41BX1005 in North Bexar County, Texas	Limestone pebble with engraved motif one surface documented and illustrated. It is fourth pebble reported Bexar County.
485	Saner, Bryant Jr.	23	1	Two Incised Pebbles and a Painted Stone from Kerr County, Texas	Documents and discusses two incised pebbles and a painted stone from Kerr County, Texas.
486	Chandler, C. K.	23	1	Engraved Pebbles from Lampasas County, Texas	Two engraved stone pebbles from midden site on Sulfur Creek in Lampasas County, Central Texas documented and illustrated.
487	Hester, Thomas R.	23	2	Notes on South Texas Archaeology: 1996-2 Site Destruction at Falcon Reservoir, Southern Texas	Site destruction at Falcon Reservoir, southern Texas.
488	Chandler, C. K. and Michael Marchbanks	23	2	Butted Bifaces and Their Uses	Five butted bifaces from Kendall County, Texas containing microscopic residue illustrated and residue analyzed. Senior author describes artifacts and recovery, co-author performed microscopic analysis.
489	Boyd, James Bryan	23	2	A Bedrock Mortar and Metate Site on the Rio Grande, Tamaulipas, Mexico	Previously unreported site with numerous bedrock mortar and metate features discussed. Site located in Tamaulipas in northeastern Mexico, on shoreline Falcon Reservoir. Description given of site.
490	Chandler, C. K. and Don Kumpe	23	2	Stone Pestles from the Lower Rio Grande, Texas	Reports and describes large group of stone pestles recovered in Falcon Lake area of Lower Rio Grande.
491	Guderjan, Thomas H.	23	2	The Alamo Wells Project: A Retrospective	Alamo Wells excavation spring of 1995 may have been the single most publicized archaeological project in history. Paper clarifies goals, actions and consequences of project.
492	Saner, Bryant Jr.	23	2	Two Mid-Back Tang Scrapers from Kerr County, Texas	Documents and discusses two mid-back tang scrapers found in Kerr County, Texas.

493	Chandler, C. K.	23	2	A Basalt Pestle from Mission San Francisco de la Espada in San Antonio, Texas	Documents and illustrates small basalt pestle from Mission San Francisco de la Espada in San Antonio, Texas. Only artifact made of basalt known to be recovered at this mission.
494	Chandler, C. K.	23	2	Stone Pipes from Falcon Reservoir	Two stone pipes from Falcon Reservoir on Lower Rio Grande in South Texas and North Tamaulipas, Mexico described and illustrated.
495	Hester, Thomas R. , James B. Boyd, Frank Asaro, Fred Stross, Robert Giauque, Don Kumpe and Jacob Bourbon	23	3	Notes on South Texas Archaeology:1996-3 Mesoamerican Obsidian at Sites in the Falcon Reservoir and Lower Rio Grande Area of Southern Texas and Northeastern Mexico	Mesoamerican obsidian at sites in Falcon Reservoir and Lower Rio Grande area of southern Texas and northeastern Mexico.
496	Chandler, C. K. and Richard McReynolds	23	3	Artifacts of Alibates Dolomite from South Texas	Two lithic specimens made of Alibates agatized dolomite documented and illustrated. One from Wilson County and one from San Patricio County. No known artifacts of Alibates dolomite previously reported from areas of South Texas.
497	Kneupper, Chris	23	3	Location of Fort St. Louis on Garcitas Creek is Supported by Texas' Only Native Palm Tree	Botanical research shows native palm trees existed on Texas Coast northward to Matagorda Bay in the late 1600s. Small bits of evidence reinforce model that supports location of Fort St. Louis in Matagorda Bay area.
498	Boyd, James Bryan and Diane Wilson	23	3	A Prehistoric Burial from the Rio Grande Drainage, Tamaulipas, Mexico	Human burial salvaged Falcon Reservoir in 1990 discussed. Artifacts apparently associated with burial recovered are described. Brief comparison with other burials salvaged from same area.
499	Chandler, C. K.	23	3	Clovis Points from Kendall, Tom Green and Walker Counties, Texas	Clovis points from Kendall, Tom Green and Walker counties documented and illustrated. One from each county plus one without provenience.
500	Turpin, Solveig A.	23	3	An Agave Pincushion from a Dry Rockshelter in Coahuila, Mexico	Blocky desiccated piece of agave, impaled by terminal spines of at least four agave leaves, apparently used as pincushion that served several purposes, including keeping stripped fibers out of ashy shelter fill.
501	Saner, Bryant Jr.	23	3	The Hatfield Shelter Pictograph Site (41KR493) in Western Kerr County	Documents and discusses pictographs at Hatfield Shelter located in western Kerr County, Texas. Prehistoric paintings in county extremely rare and every effort should be made to preserve, document and record them.
502	Chandler, C. K.	23	3	Incised Pebbles from Burnet, Llano and Williamson Counties, Texas	Reports and illustrates three incised pebbles from Central Texas. One each from Burnet, Llano and Williamson counties.
503	Perttula, Timothy K.	23	3	The Hog Island #1 Site, 41NU286, Nueces County, Texas	Discusses Hog Island #1 site, small Rockport phase (ca. A.D. 1250/1300-1700) camp on Hog Island in Redfish Bay, near tidal pass between Corpus Christi and Gulf of Mexico.
504	Logan, Jennifer	23	3	Archaeological Survey of Hupedo Ranch: A Search for Archaic Sites Near Spicewood, Travis County, Texas	1995 survey of Hupedo Ranch in southwestern Travis County by author located and recorded 10 prehistoric shelters.
505	Hester, Thomas R. , Tamra L. Walter, E. H. Schmiedlin, Susan de France and Betty J. Inman	23	4	Notes on South Texas Archaeology: 1996-4 Archaeological Investigations at Mission Espiritu Santo De Zuniga (41VT11): a Status Report	Report of archaeological investigations at Mission Espiritu Santo De Zuniga (41VT11).

506	Thoms, Alston V., David D. Kuehn, Ben W. Olive, John E. Dockall, Patricia A. Clabaugh, and Rolfe D. Mandel	23	4	Early and Middle Holocene Occupations at the Richard Beene Site: The 1995 Southern Texas Archaeological Association Field School Project	Discusses 1995 STAA field school at Beene site (41BX831) along Medina River in south Bexar County.
507	Chandler, C. K. and Don Kumpe	23	4	Lithic Caches from the Lower Rio Grande	Two caches of lithic bifaces documented and illustrated. One cache from Starr County, Texas, other from Tamaulipas side Lower Rio Grande.
508	Boyd, James Bryan	23	4	The Arroyo Diablo Burial, Tamaulipas, Mexico	Reports 1986 discovery of prehistoric burial at site on Mexican side of Falcon Reservoir on Lower Rio Grande.
509	Kneupper, Chris	23	4	T.M.C Button - How Research Found Its Identity	Brass gold-plated coat button found old port town of Quintana, Texas (41BO135) showing a fouled anchor and a banner embossed with the initials "T.M.C." is reported.
510	Chandler, C. K. and Dwain Rogers	23	4	Folsom Points from Bell, Cochran, Limestone and Milam Counties, Texas	Seven previously unreported Folsom points reported and illustrated. Three from Bell County, one from Cochran County, two from Limestone County and one from Milam County.
511	Hester, Thomas R.	24	1	Notes on South Texas Archaeology: 1997-1 Archaic Burial Patterns in Southern Texas: Further Data from the Castillo Site (41ZP2), Falcon Reservoir	Archaic burial patterns in southern Texas. Further data from the Castillo site (41ZP2), Falcon Reservoir.
512	Chandler, C. K. and Don Kumpe	24	1	Decorated Mussel Shell Artifacts	Several decorated freshwater mussel shell artifacts illustrated and discussed.
513	Labadie, Joe, Kathy Labadie, Terry Sayther, and Deborah Stuart	24	1	A First Look at the El Caido Site: A Historic Art Site in Far Northern Coahuila, Mexico	Presents documentation of new historic rock art site located short distance south of Rio Grande in Coahuila, Mexico.
514	Boyd, James Bryan	24	1	A Rock Alignment at Al Punto Final--An Archaic Site in Tamaulipas, Mexico	Alignment sandstone rocks in occupation site with rich Archaic period component reported. Rock alignment and site location described. Artifacts recovered also described.
515	Brown, Kenneth M.	24	1	The Sourcer's Apprentice Looks at Chert Availability	Author evaluates bedload cherts, upland residual cherts, and bedrock ledge or nodule cherts in terms of availability and suitability for prehistoric knappers.
516	Chandler, C. K.	24	1	<i>Folsom Points from Llano and Midland Counties, Texas</i>	Illustrates and documents four unrecorded Folsom points and one Midland point. One from Llano County in Edwards Plateau area of Central Texas. Other three Folsom and Midland from Midland County in the Lower Plains.
517	Chandler, C. K.	24	1	A Complete Folsom Point from Wilson County, South Texas	Complete Folsom point from Wilson County reported and illustrated. Only one Folsom point previously reported from this county.
518	Boyd, James Bryan	24	1	Ornamental Artifacts from the Cardinal Site, Rio Salado, Tamaulipas, Mexico	Two ornamental artifacts collected in occupation site on Rio Salado in northern Tamaulipas, Mexico reported. Artifacts described in detail and general description of site and other artifacts collected given.
519	Chandler, C. K. and Don Kumpe	24	1	Early Paleo Points from the Falcon Lake Area of Tamaulipas, Mexico and South Texas	Five fluted Clovis points and one Folsom point illustrated and discussed. From Falcon Lake area of Lower Rio Grande in Tamaulipas, Mexico and South Texas.
520	Hester, Thomas R. and Charles M. Whatley	24	2	Notes on South Texas Archaeology: 1997-2 Archaeological Materials from the Middle Rio Grande, Southern Texas and Coahuila	Archaeological materials from the middle Rio Grande, southern Texas and Coahuila.
521	Chandler, C. K. and Don Kumpe	24	2	Quartzite Cobbles Altered from Use	Three extensively modified quartzite cobbles illustrated and described. Artifacts from Bexar, Uvalde and Ellis counties.

522	Lintz, Christopher and Marybeth Tomka	24	2	Decorated Rabdodus Snail Shells from Rockshelter Site 41CV935 at Fort Hood, Coryell County, Texas	Describes two Rabdodus snails with patterned perforations from 41CV935 at Fort Hood, Texas. Context suggests they may relate to Austin phase.
523	Boyd, James Bryan	24	2	Historic Glassware Salvaged at the Clarendo Ranch: House #3, Zapata County, Texas	Large number of bottles and jars dating from Historic period salvaged from historic ranch located within conservation pool area of Falcon Reservoir in 1995. 41ZP89.
524	Turpin, Solveig A. and Dorothy Lippert	24	2	The Return of a Native: A Bundled Burial from Panther Cave (41VV83)	In 1952 relic hunters removed a bundled burial of a young woman from deposits at Panther Cave (41VV83). The remains have been returned to TARL.
525	Chandler, C. K.	24	2	Large Thin Bifaces from Wilson County, South Texas	Four large unstemmed bifaces documented and illustrated. All from cultivated fields bordering Cibolo Creek in northern Wilson County.
526	Hester, Thomas R.	24	3	Notes on South Texas Archaeology: 1997-3 Personal Perspectives on Artifact Collecting: Examples from Texas and Northeastern Mexico	Personal perspectives on artifact collecting: examples from Texas and northeastern Mexico.
527	Boyd, James Bryan	24	3	A Late Prehistoric Burial from 41ZP85, Old Zapata, Zapata County, Texas	Burial discovered within historic site of Old Zapata, in Zapata County, Texas is reported.
528	Cox, Kim A. and Susan deFrance	24	3	The Oso Dune Site (41NU37): A Late Archaic Cemetery on the Central Texas Coast	Presents description of artifacts recovered from various surface collections and excavations conducted at Late Archaic cemetery at the Oso Dune Site(41NU37).
529	Chandler, C. K. and Dwain Rogers	24	3	A Clovis Point from Harris County, Texas	Clovis fluted point documented and illustrated. From a sandpit near Lake Houston in Harris County, southeast Texas.
530	Saner, Bryant Jr.	24	3	A Waco Sinker from Kerr County, Texas	Waco Sinkers infrequently reported outside Central Texas area. Have never been documented as found in Kerr County to this authors knowledge.
531	Boyd, James Bryan	24	3	<i>Scottsbluff Points from South Texas and Northeastern Mexico</i>	Three previously unreported Scottsbluff points, two from Zapata County in South Texas and one from Tamaulipas in northeastern Mexico documented.
532	Turpin, Solveig A.	24	3	Mussel Shells with Scraper: Still Life from 41CX198, University Lands, Crockett County	Cache of freshwater mussel shells, found on open campsite on tributary to Pecos River in Crockett County, consists of six relatively large <i>Cyrtoniais tamicoensis</i> right valves.
533	Chandler, C. K.	24	3	<i>Clovis Points from Bexar and Wilson Counties, South Texas</i>	Four Clovis points from Bexar and Wilson counties documented and illustrated. Three from Wilson County and one from Bexar County.
534	Hester, Thomas R. and Gail Bailey	24	4	Notes on South Texas Archaeology: 1997-4 Archaeological Legacies: The Significance of Notes and Photographs	Archaeological legacies: the significance of notes and photographs.
535	Boyd, James Bryan	24	4	A Clifton/Perdiz Atelier on the Rio Salado, Tamaulipas, Mexico	Small atelier, workshop area, located on terrace in rich occupation site on Rio Salado in northeastern Tamaulipas, Mexico described and illustrated.
536	Chandler, C. K.	24	4	Tubular Stone Pipes and Pipe Fragments from the Lower Rio Grande of Texas	Twenty-two tubular stone pipes and pipe fragments from Lower Rio Grande area of South Texas documented and illustrated.
537	Howard, Jack B.	24	4	Middle Archaic Artifacts from Upland Sites in Guadalupe County	Initial finds along upland terrace in eastern Guadalupe County suggest a strong affiliation with Middle Archaic culture of southern Texas.
538	Boyd, James Bryan	24	4	Two Sandstone Abrading Stones from the Lower Rio Grande, Tamaulipas, Mexico	Two large sandstone abrading stones collected from unrecorded bedrock mortar and metate site located on Lower Rio Grande in Tamaulipas, Mexico described and illustrated.
539	Turpin, Solveig A.	24	4	Pigment Cakes from the Lower Pecos River Region, Texas	Two large cakes of processed pigment exhumed from dry rockshelter, 41VV68, in Lower Pecos region probably in 1950s, and kept by their collector for almost 40 years.

540	Chandler, C. K. and Don Kumpe	24	4	Metal Arrow Points from South Texas and Tamaulipas, Mexico	Four metal arrow points from South Texas and Tamaulipas, Mexico documented and illustrated. One from Atascosa County, one from Uvalde County and two from Tamaulipas side of the Rio Grande.
541	Chandler, C. K.	24	4	An Arrow Shaft Straightener from Terrell County, Texas	Documents and illustrates basalt shaft straightener from southwest Terrell County in the Texas Trans-Pecos.
542	Boyd, James Bryan	24	4	Arrow Points from the Rincon de los Indios on the Rio Salado Tamaulipas, Mexico	Arrow point specimens recorded in primarily Archaic period site located on Rio Salado, Tamaulipas, Mexico reported. Points; Caracara, Clifton, Perdiz, Starr, Toyah.
543	Hester, Thomas R. , Frank Asaro, Fred H. Stross and Robert Giauque	25	1	Notes on South Texas Archaeology: 1998-1 From Dalton to Perdiz: A Tale of Urban Looting in Travis County, Texas	Describes a site in Travis County, Texas, within the city limits of Austin, that was completely destroyed by looters (41TV1614).
544	Boyd, James Bryan and Diane Wilson	25	1	A Prehistoric Burial From the Scissors Island Site, Falcon Reservoir	A prehistoric burial discovered eroding from a major occupation site, Scissors Island Site, on the shoreline of Falcon Reservoir is discussed
545	Malof, Andrew F.	25	1	A Possible Addition to 41TV130, The Anderson Mill Site, Travis County, Texas	On the east bank of Cypress Creek is an intermittently exposed feature consisting of dressed limestone blocks forming an open rectilinear outline. Anderson Mill Site, 41TV130.
546	Kumpe, Don, C. K. Chandler and Richard McReynolds	25	1	Occurrences of Rangia Cuneata in Cameron County, Texas and Northeastern Tamaulipas, Mexico	This report provides preliminary information on the occurrence of Rangia cuneata on the Lower Rio Grande Delta in Cameron County, Texas and Tamaulipas, Mexico.
547	Riemenschneider, Larry and Solveig A. Turpin	25	1	Boat-Shaped Mortars in Crockett County, Texas	Two sites with boat-shaped mortars were recorded in a recent survey just east of the Pecos River in Crockett County, Texas (41CX802, 41CX814).
548	Chandler, C. K. and Cheryl Lynn Highley	25	1	Marine Shell Pendants from South and South-Central Texas	Two marine shell pendants from inland counties in South and south-central Texas are documented and illustrated. One is from Wilson County and the other from Gillespie County.
549	Patterson, Leland W.	25	1	Oxidizable Carbon Ratio Dating	The use of the Oxidizable Carbon Ratio (OCR) dating method is discussed.
550	Hester, Thomas R. ,Amy Sullivan, Laura Froelich and R. S. Crawford, Jr.	25	2	Notes on South Texas Archaeology: 1998-2 Artifacts and Burials from a Vertical Shaft Cave	Discusses the artifacts and burials from a vertical shaft cave, Site 41UV356 in Ulavde County, Texas.
551	Pertula, Timothy K. amd James B. Boyd	25	2	It's a Looters Market: The Widespread Destruction of the Archaeological Record at Falcon Reservoir, Southern Texas and Tamaulipas, Mexico	Discusses the looting of archaeological sites and the illegal trafficking of artifacts, at Falcon Reservoir and other areas on the Texas-Mexico border.
552	Chandler, C. K. and Don Kumpe	25	2	Quahog Shells as Hammers	Marine shell of many kinds have been modified for use as tools and ornaments. However, quahog shells are rarely mentioned in Texas literature.
553	Malof, Andrew F.	25	2	A Short History of the National Youth Administration Buildings at the Former Lower Colorado River Authority Employees' Club, Inks Lake, Western Burnet County	The Lower Colorado River Authority has proposed to dismantle six buildings located below Roy Inks Dam in Burnet County.
554	Saner, Bryant Jr.	25	2	An Andice Point from Kerr County, Texas	This report is to document and discuss an Andicepoint from Kerr County, Texas.
555	Patterson, Leland W.	25	2	The PedernalesPoint in Southeast Texas	Data are presented on the chronology and geographic distribution of the Pedernalespoint in Southeast Texas.
556	Boyd, James Byran	25	2	A Marine Shell Ornament Cache from 41ZP7, Zapata County, Texas	A cache of marine shell beads, found in a rich occupation site/prehistoric cemetery in the conservation pool area of Falcon Reservoir is discussed.
557	Chandler, C. K. and Ray Smith	25	2	ClovisPoints from Atascosa and Bexar Counties, South-Central Texas	Two Clovispoints, one each from Atascosa and Bexar counties are documented and illustrated.

558	Hester, Thomas R.	25	3	Notes on South Texas Archaeology: 1998-3 Closing A Chapter in the History of South Texas Archaeology: J. W. House 1905-1998	Memories of J. W. House, teacher and archaeologist.
559	Boyd, James Bryan	25	3	A Reassessment of 41VV226, Caballo Shelter, Seminole Canyon State Historical Park	The results of a brief survey conducted at a rockshelter in Seminole Canyon State Historical Park in January 1997 are presented.
560	Chandler, C. K.	25	3	A Midland Point From Pecos County	This paper reports and illustrates a basically complete Midland point.
561	Malof, Andrew F.	25	3	A Guadalupe Tool From Northwestern Travis County	A Guadalupe tool recovered from the south shore of Travis Lake during a period of low water is described.
562	Saner, Bryant Jr. and Steve A. Tomka	25	3	Unifacial Corner-Tang Artifact Report: An Investigation of an Unusual and Rarely Reported Lithic Tool	This paper reports and describes unifacial corner-tangartifacts and proposes a functional category through low-power use-wear analysis.
563	Patterson, L. W.	25	3	Prehistoric Flintknapping Specialists in Texas	The manufacture of wide, thin bifaces in Texas is discussed.
564	Leach, Jeff D, David L. Nickels, Bruce K. Moses and Richard Jones	25	3	A Brief Comment on Estimating Rates of Burned Rock Discard: Results from an Experimental Earth Oven	An experimental burned rock pit oven was constructed and used for estimating rates of burned rock reuse and discard for burned rock middens in Central Texas.
565	Turpin, Solveig A. and Lisa Middleton	25	3	Painted Pebbles from Archaic Contexts in 41VV156, A Rockshelter in the Lower Pecos Region	This paper reports three painted pebbles recovered during the Rock Art Foundation's 1998 test excavations in 41VV156.
566	Brown, Kenneth M.	25	1	Book Review: A Field Guide to Common South Texas Shrubs	A review of A Field Guide to Common South Texas Shrubs by Richard B. Taylor, Jimmy Rutledge and Joe G. Herrera.
567	Mitchell, Jimmy L.	25	2	Book Review: The Alamo: An Illustrated History	A review of The Alamo: An Illustrated History by George Nelson
568	Hester, Thomas R.	25	4	Notes on South Texas Archaeology: 1998-4. "Coahuiltecan": A Critical Review of an Inappropriate Ethnic Label	A review of the origin of the name "Coahuiltecan".
569	Boyd, James Bryan	25	4	Marine Shell Ornaments as Isolate Occurrences in the Falcon Reservoir	A number of marine shell ornaments found in various sites within the conservation pool area of Falcon Reservoir are examined.
570	Chandler, C. K.	25	4	A Polyhedral Core from Northeast San Antonio	A single polyhedral core from the Encino Park area of northeast San Antonio is described and illustrated.
571	Collins, Michael B.	25	4	A Folsom Point Reported from Hinds Cave Probably is Not from Hinds Cave	A Folsompoint previously reported found in Hinds Cave in the 1960s was actually found in Blanco County some 30 years earlier.
572	Brown, Kenneth M.	25	4	Reworked Guadalupe Tools from the Tschoepe- Harborth Site	Two Guadalupe tools collected from the surface of the Tschoepe-Harbroth site in Guadalupe County are described.
573	Flaigg, Norman G.	25	4	The Elizabeth Staha Hughes Collection of Lithic Artifacts from the Texas Hill Country	The Elizabeth Staha Hughes collection, recovered in 1930 and consisting of 60 lithic artifacts, is illustrated and documented.
574	Patterson, L. W.	25	4	Width-to-Thickness Ratios of Texas Dart Points	This paper discusses the various factors that can affect the width-to- thickness ratio of a bifacial dart point, as an aid to understanding some of the details of the manufacturing process for dart points.
575	Hester, Thomas R.	26	1	Life & Death in the Late Archaic of South Texas	A discussion of the life, diet, trade patterns and burials of the American Indian during the Late Archaic period in the area referred to as the Rio Grande Plain.
576	Chandler, C.K.	26	1	A Polyhedral Core From Hollywood Park in North- Central San Antonio	A polyhedral blade core is documented and illustrated. Generally considered to be early Paleo-Indian.
577	Labadie, Joseph H.	26	1	Cultural Resources Management at the Amistad National Recreation Area, Del Rio, Texas.	A 5 year regional drought has caused Amistad Reservoir to drop to the lowest levels since the late 1960s, exposing prehistoric sites. Long term low water effects researched.
578	Boyd, James Bryan	26	1	A Ground Stone Mano from LC-12, A Mortuary Cave in the Laguna De Mayran, Southwestern Coahuila, Mexico.	A ground stone mano discovered in the area of a remote cave in southwestern Coahuila, Mexico is discussed.
579	Fox, Anne A.	26	1	Stoneware Potteries in the San Antonio Area.	A discussion of potters in South Texas in the 19th & 20th century.

580	Collins, Michael B.	26	1	An Object Lesson in Site Survey	Neither surface inspection nor shovel-testing would discover cultural materials when overlying deposits from natural levees are too young to bear archaeological remains.
581	Saner, Bryant Jr.	26	1	Two Eccentric Artifacts From A Site in Southern Gillespie County, Texas	This report documents two artifacts described as "Ceremonial", but wear analysis reveals practical use.
582	Schmiedlin, Smitty	26	1	The 2098 STAA Field School	A look at the program for STAA's field school on the astroid 81PL3 in the year 2098.
583	Thomas R. Hester, Frank Asaro, Fred H. Stross & Helen Michel	26	2	The Obsidian Arrowpoint from the Jonas Terrace Site, 41ME29: Further Observations	A discussion of the obsidian point from 41ME29 and the x-ray fluorescence testing indicating the source as Malad, Idaho.
584	Boyd, James Bryan & Diane Wilson	26	2	A Cremation Burial From the Arroyo Salinillas, Falcon Reservoir	A general discussion of the rare occurrence of cremation burials in South Texas and the burial discovered in 1986.
585	Chandler, C.K.	26	2	Folsom Points From Bastrop, Bexar, Crane & Culberson Counties, Texas	Folsom points from widely separated areas of Texas are illustrated, documented and discussed.
586	Bauman, Jerry L.	26	2	1845-1846 Military Hearths, Zachary Taylor, Army of Occupation, San Patricio, San Patricio County, Texas	A brief report of the artifacts recovered from the military hearths from the McMullen Site, 41SP190.
587	Turpin, Solveig A.	26	2	Test Excavations at 41VV156: Middle and Early Archaic Strata	Excavation in a dry rock shelter, although damaged by relic hunters, retained some intact deposits that date to 6800 and 7600 years ago. Some artifacts bore traces of pigment.
588	Patterson, Leland W.	26	2	Uses of Prehistoric Pottery in Southeast Texas	Uses of prehistoric pottery in relation to various physical attributes are discussed.
589	Saner, Bryant Jr.	26	2	Archaeological Survey of the Kerr County Federal Credit Union Property in Kerrville, Texas	A pedestrian survey, shovel tests and artifact collection from this site, along with it's history are discussed.
590	Hester, Thomas R.	26	3	Observations on Fraudulent Artifacts in the Borderlands	The increase in fake artifacts such as points, ceramic figurines, thunderbirds, etc. cause a problem for professionals asked to "authenticate" them.
591	Chandler, C.K. & Curt Harrell	26	3	Folsom Points from Crane County, Texas	Two fragmentary Folsom points are reported and illustrated.
592	Boyd, James Bryan	26	3	Vulture Hill: A Pictograph Site on the Rio Salado, Tamaulipas, Mexico	Four separate rock art panels are discussed in context with other known rock art sites in the Rio Grande Plains, west and central Texas.
593	Perttula, Timothy K.	26	3	Archaeological Investigations of Mexican-American War Battlefields and Related Sites in Texas. Part 1: Introduction And Discussion of Sites on the Palo Alto Battlefield	Archaeological investigation of battlefields and related sites in the Brownsville, Texas area are documented and discussed.
594	Perttula, Timothy and Bo Nelson	26	3	Archaeological Investigations at Mexican-American War Battlefields and Related Sites in Texas. Part II: The Palo Alto House or Inn (CF92-9), Also Known as	Archaeological remains at the Palo Alto Inn, north of the Palo Alto Battlefield in Cameron County, Texas are discussed and documented.
595	Perttula, Timothy K.	26	3	Archaeological Investigations of Mexican-American War Battlefields and Related Sites in Texas. Part III: Sites Within the City of Brownfield	This report documents Mexican-American War artifacts unearthed as a result of construction activities in the Brownsville, Texas area. Suggestions for future investigation in the area are indicated.
596	Saner, Bryant Jr.	26	3	Looting at Two Archaeological Sites on Public Property in Western Kerr County, Texas	The destruction of two archaeological sites are discussed along with the measures taken to prevent future destruction.
597	Patterson, Leland W.	26	3	Comments on Manufacture of Arrow Points	Comments are given on the experimental manufacture of chert arrow points, in regard to selection of flake blanks and force application.

598	Howard, Jack B.	26	3	Testing an Upland Site in Guadalupe County, Texas	Biface specimens and flakes are examined, the reduction process discussed and ultraviolet light examination presented.
599	Hester, Thomas R., Frank Asaro, Fred Stross, Robert Giauque & Mike Krzywowski	26	4	Geological Source Analysis of Obsidian Artifacts From the Rio Grande Delta, Texas and Tamaulipas	X-ray fluorescence analysis of obsidian artifacts is discussed and reveals that the artifacts came to the Rio Grande area via trade routes from sources in Mexico.
600	Yates, Bonnie; LeeAnna Schniebs and W.L. McClure	26	4	The Vertebrate Remains From the Dan Baker Site	Vertebrate remains relied upon during Paleo-Indian and Late Prehistoric occupations are detailed and discussed.
601	Chandler, C.K.	26	4	A Fluted Clovis Point From Tarrant County in North Central Texas	A single fluted Clovis point is documented and illustrated.
602	Patterson, Leland W.	26	4	Comments on Population Dynamics of Southeast Texas	Methods for the estimation of relative population levels in various archaeological time periods are considered. Then the population dynamics of inland and coastal portions of southeast Texas is discussed.
603	Boyd, James B.	26	4	Preliminary Testing of a Rockshelter on the Rio Salado, Tamaulipas, Mexico	A small rockshelter and recovered artifacts are reported and described, as is the surrounding occupation site.
604	Schmiedlin, E. H.	26	4	A Naval Officer's Belt Buckle Covering, Found Near the Fannin Battleground, Fannin, Texas	A naval officer's belt buckle covering is documented and illustrated.
605	Perttula, Timothy K.	26	4	Archaeological Investigations at Mexican-American War Battlefields and Related Sites in Texas. Part IV: The Galveston Ranch Sites and Thornton's Skirmish	A series of 19th century archaeological are discussed along with the history of those sites during the Mexican-American War.
606	Perttula, Timothy K and Bo Nelson	26	4	Archaeological Investigations at Mexican-American War Battlefields and Related Sites. Part V: Archaeological Remains at Boca Del Rio or Clarksville, at The Mouth of The Rio Grande	The history and findings from this nationally significant Mexican-American War and Civil War depot site are discussed.
607	Perttula, Timothy K.	26	4	Archaeological Investigations at Mexican-American War Battlefields and Related Sites in Texas. Part VI: Brazos Santiago Depot (41CF4)	The findings of the 1997 archaeological work at the 950 acre Brazos Santiago Depot site are discussed along with its history and recommendations for future work.
608	Perttula, Timothy K.	26	4	Archaeological Investigations of Mexican-American War Battlefields and Related Sites in Texas. Part VII: Taylor's bridge between Boca Chica and the Rio Grande	The history and archaeological findings at the site of a bridge built during the Mexican-American War and another built during the Civil War on the same site are discussed.
609	Hester, Thomas R. and Glen L. Evans	27	1	Notes of South Texas Archaeology 2000-1, The Broadray Creek Site: A Multiple Burned Rock Midden Locality in Bandera County, Texas.	The excavation and artifacts from this terrace occupation site are discussed and described.
610	Boyd, Douglas K.	27	1	The Callahan Petroglyph Site: Southwestern Influence in the Texas Southern Plains	Petroglyphs at this site are illustrated and tantalizing possibilities of the cultural identities of the artists are made.
611	Fox, Anne A.	27	1	Use of Ceramics in Reconstructing Early San Antonio History	A report of a case where the blending of archaeological research with written history and records is filling a time gap in the story of San Antonio life from 1820 to 1840.
612	Kumpe, Don; Richard McReynolds and C.K. Chandler	27	1	A Highly Serrated Arrow Point Form From Falcon Reservoir, Zapata County, Texas	Two unidentified arrow forms are described and their distribution compared. Preliminary information on the geographic location of apparent cultural boundaries are indicated.

613	Patterson, Leland W.	27	1	Costal Margin Point Distributions in Southeast Texas	The uneven distribution of points along the costal margin of Southeast Texas is discussed and reasons for this situation is considered.
614	Boyd, James B	27	1	Bedrock Mortars at 41VV72, Seminole Watering Hole, Val Verde County, Texas	Bedrock mortars at a large rockshelter are described and illustrated as are the setting and pictographs
615	Hester, Thomas R.	27	2	Notes on South Texas Archaeology 2000-2, An Artifact Sequence From 41ZV263, Zavala County, Texas: The Lost Manuscript From the Lost Peacock Site.	This site was excavated in May 1981 however all known copies of the comprehensive report have been lost. This report attempts to document the site from artifacts, level forms and plan maps of the site.
616	Chandler, C. K.	27	2	Engraved Pebbles From Atascosa and Bell Counties, Texas	One engraved pebble from each county is reported and illustrated.
617	Fox, Anne A	27	2	The Mission Indians and The San Antonio Community	The life of the indians before the Spanish came, their life in the missions and the effects of these influences on the life of the indians who moved into the San Antonio community are discussed.
618	Calame, David Sr.	27	2	Guadalupe Bifaces From Frio and Medina Counties, Texas	Guadalupe bifaces are documented and illustrated. Their recovery sites are described.
619	Patterson, Leland W.	27	2	Late Archaic Mortuary Tradition of Southeast Texas	The characteristics and social aspects of mortuary traditions for 13 sites are considered along with possible relationships with other cemetery sites in southern Texas.
620	Boyd, James B.	27	2	A Prehistoric Cairn Burial From the Arroyo Centurion, Falcon Reservoir	This cairn burial is documented and compared with other cairn burials in the area. Recovered artifacts are illustrated.
621	Hester, Thomas R; T. L. Donohoo, Rochelle Leneave	27	3	Notes on South Texas Archaeology 2000-3: Mortuary Offerings From A Burial on the Rio Salado, Tamaulipas.	A site near the mouth of the Rio Salado is documented and the grave goods illustrated. Comparison to other grave sites is discussed.
622	Boyd, James B. and Timothy K. Perttula	27	3	The Desertification of South Texas and Northeastern Mexico and its Effect on Archaeological Sites	The effects of long-term drought-like conditions on plants and soil character are examined and illustrated. The implications are considered.
623	Labadie, Joseph H.	27	3	Petroglyphs and Other Related Features in the Lower Pacos Region of Southwest Texas	Petroglyph sites in the lower Pecos River reigon are illustrated and discussed, including many lesser known sites.
624	Turpin, Solveig A.	27	3	A Kaolinite Pendant From Crockett County: Trade or Travel?	A pendant of kaolinite, not found in Texas, is discussed and Illustrated.
625	Patterson, Leland W.	27	3	Examples of Lithic Debitage Analysis	Various types of debitage analysis are reviewed and examples given. Awareness of the potential is encouraged.
626	Hester, Thomas R.	27	4	Notes on South Texas Archaeology 2000-4: The Contributions of Jimmy L. Mitchell to South Texas Archaeology	The career of Jimmy Mitchell is outlined and some of the many archaeological projects on which he worked is discussed. His help in encouraging others is indicated.
627	Boyd, James B. and Timothy K. Prettula	27	4	On The Association of Caracara Arrow Points With Late Prehistoric Burials in The Falcon Reservoir Area.	Five instances of Caracara points in association with burials on both sides of Falcon Reservoir are documented.
628	Patterson, Leland W.	27	4	Comments on a Study of McFaddin Beach Artifacts	Several problems with the 1999 report on site 41JF50 are discussed and conclusions challenged.
629	Schmiedlin, E.H.	27	4	Archaic and Late Prehistoric Projectile Points From the J-2 Ranch Site (41VT6)	This paper documents various additional artifacts from this site, providing a broader view of long tern site utilization.
630	Greer, James M.	27	4	Initial observations From The McMullen Brasada Study	An initial overview of a four year study at a location in McMullen county. Many points are illustrated.
631	Weber, Carey D.	27	4	Andice/Bell Resharpeneing Attributes	Qualitative attributes for resharpeneing these points are described and tabulated.

632	Griffin, Frank (Gene)	28	1	A Tribute to Jimmy Mitchell	Jimmy's contribution to STAA and archaeology as an avocational archaeologist is outlined.
633	Benke, Adrian G. and Thomas R. Hester	28	1	The Efficiency of the Bow and Arrow as a Weapon: Examples from Accounts in 19th Century Southwest Texas	A discussion of the efficiency of the American Indian hunters based on a review of historic documents and prehistoric cemetery findings.
634	Fox, Anne A.; E. H. Schmiedlin & J.L. Mitchell	28	1	Preliminary Report on the J-2 Ranch Site (41VT6), Victoria County, Texas	This important site has been investigated by various groups from 1959 to 1977. This report provides an initial impression of the results of these investigations and the need for more excavations.
635	Mitchell, Jimmy L.	28	1	The Turtle-Creek Phase: An Initial Late Prehistoric Component in Southern Texas	A review of the studies, artifacts and sites that define the Turtle Creek Phase.
636	Mitchell, Jimmy L.	28	1	The Sabinal Point	A discussion of the dating and distribution of this point type in South Texas.
637	Mitchell, Jimmy L.	28	1	Celebrating Fifteen Years of STAA	The history of STAA from 1973 to 1989 is outlined
638	Mitchell, J.L. & C.K. Chandler	28	1	Paleo-Indian Artifacts From The Medina River Area of Southern Texas	Paleo and Archaic artifacts from the Johnson Farm collection are documented and illustrated.
639	Hester, Thomas R.	28	2	Notes on South Texas Archaeology: 2000-2001, "Observations on Recent Field Work and Analysis Along the Middle Rio Grande"	Problems with the "gray literature" that is the result of Cultural Resource Management reports required by Joint Task Force Six work done in Dimmit, Webb and Maverick Counties are discussed.
640	Hester, Thomas R.	28	2	The Jimmy L. Mitchell Symposium: An Introduction	The Author recalls some of his contact with Jimmy and outlines some of Jimmy's contributions to archaeology.
641	Lintz, Christopher	28	2	The Chronology of Occupations at Landergin Mesa, 41OL-2, Oldham County, Texas	This report provides a description of the structures and features found as a result of excavation of this mesa top in 1981 and 1984.
642	Schmiedlin, E.H. "Smitty"	28	2	Symposium Paper in Honor of Jimmy Mitchell	Smitty talks about how Jimmy got him to start writing archaeological reports. Also includes "Who Was That Masked Man?"
643	Hester, Thomas R.	28	2	Bibliography of Published Works in Archaeology Authored by Jimmy Mitchell	A list of reports and reviews authored by Jimmy from 1973 to 1996
644	Hester, Thomas R.	28	3/4	Notes on South Texas Archaeology: 2001-3&4 An Introduction to Mortuary Studies in South Texas Archaeology	An introduction to Dr. Tim Pettula's study, which follows, and the respect due the mortuary remains of the American Indian.
645	Perttula, Timothy K.	28	3/4	Hunter-Gatherer Mortuary Practices In The Rio Grande Plains and Central Coastal Plains Archaeological Regions of Texas	The focus of this paper is to gain a better understanding of the social interactions, affiliations and beliefs as well as an insight into the rituals associated with rare indian burials in the study area.
646	Hester, Thomas R.	29	1	Notes on South Texas Archaeology: 2002-1, An Unfinished Bannerstone from a Site in Coryell County, Texas	A winged bannerstone, which is rare in southeastern Texas, is documented and illustrated.
647	Boyd, James B. and Diane E. Wilson	29	1	The Toyah 1 Burial, Falcon Reservoir	A cranium and mandible were recovered from the Zapata Terrace with parallel cut marks. A replicative experiment indicate the marks were made with a thin chert flake.
648	Lintz, Christopher and Bryant Saner, Jr.	29	1	The Hoerster Cache from 41MS67, Mason County, Texas	A cache of 18 very large thin bifaces are illustrated and discussed.
649	Hester, Thomas R.	29	2	Notes on South Texas Archaeology 2002-2; Travels With Smitty and Bill: Archaeology in Karankaway Country	The contributions to archaeology in South Texas by Smitty Schmiedlin are recalled.
650	Schmiedlin, E. H.	29	2	The Final Chapter: The J-2 Ranch Lithic Tools	The 23 lithic and 4 bone tools from 41VT6 are illustrated and described.
651	Boyd, James B.	29	2	Preliminary Survey of a Complex Mortar Site in Webb County, Texas	The 77 mortars found at 41WN356 are described along with other finds at the site. Other Webb county mortar sites compared.

652	Weber, Carey D.	29	2	Andice/Bell Point Use Fractures	Statistical data are presented on the morphological variation of Andice/Bell points caused by breakage
653	Hester, Thomas R.	29	3	Notes on South Texas Archaeology: 2002-3; Indian Raids in Southern Texas in the Late 19th Century: An Introduction	A discussion of raids in Southern Texas and the history of the account reprinted as # 654
654	Garrison, George P. - Editor	29	3	The Mexican and Indian Raid of ' 78	A reprint of the sworn statements by witnesses to the raid of 1878 into South Texas from Coahuila, Mexico
655	Hester, Thomas R.	29	4	Notes on South Texas Archaeology: 2002-4; Problems in Typology in South Texas and Northeastern Mexico	Problems in "typing" Andice/Bell/ Calf Creek points as well as Charcos and Shumla points are discussed.
656	Stark, Richard T.	29	4	Fire-Cracked Rock Experiments: The Potential of Three Analytical Techniques	Three approaches to fire-cracked rock analysis and the results are reported. They are archaeomagnetism, x-ray diffraction and thin-section analysis.
657	Calame, David Sr, Carrey Weber, Larry Banks & Richard McReynolds	29	4	Projectile Points of the Calf Creek Horizon From Frio, Medina and Uvalde Counties, Southern Texas.	Calf Creek Horizon points from 3 counties ar documented and illustrated. General distribution is discussed as well as lithic resources of the area.
658	McReynolds, Richard	29	4	Calf Creek Horizon Points From Wilson County, Texas	13 dart points of the Calf Creek Horizon from the "Cibolo Creek Sand Pit" are documented. Hafting and binding methods are illustrated.
659	Patterson, Leland W.	29	4	Identification of Heat-Treated Chert	Analytical and observation criteria for identification of heat-treated chert are discussed
660	Saner, Bryant Jr.	29	4	Observations on the Use of Baking Soda to Soften Hard Clay at Ft. Saint Louis, 41VT4	The use of baking soda in different amounts and various lengths of time is discussed. Conclusions and recomendations are made.
661	Hester, Thomas R., Frank Asaro, Fred Stross,Robert Giauque, Robert Hard	30	1&2	Notes on South Texas Archaeology 2003: 1 &2, Trace Element Analysis of an Obsidian Artifact from Mission San Juan Capistrano, Bexar County, Texas	An obsidian flake from 41BX5 is described and it source found. Various analysis methods are discussed as well as how this flake may have arrived at this mission.
662	McReynolds, Richard	30	1&2	Fluted Points from Comal, Kendall and Travis Counties, Texas	One Clovis and two Folsom points are documented and illustrated.
663	Saner, Bryant Jr.	30	1&2	An Informal Burned Clay Experiment at Fort Saint Louis (41VT4), Victoria County, Texas	The results of an experiment to evaluate whether color changes in burned clay can aid in locating structures that have been burned.
664	Saner, Bryant Jr.	30	1&2	Shovel Testing at the Parker Site (41GL283), Gillespie County, Texas	The results of shovel tests at this site, contiguous to a state highway, is documented. TxDOT advised the site extends into their right-of-way.
665	Clarke, Kay E.	30	1&2	Indian Mount Ranch (41WM142) Cache, Liberty Hill, Williamson County, Texas	7 of 14 large bifaces are part of a collection of over 2000 artifacts from this site and are documented and illustrated.
666	Nickels, David L., Richard Young & Rita Young	30	1&2	The Young Site (41BX1428): A Burned Rock Midden and Archaic/Late Prehistoric Occupation Along the Southeastern Edge of the Edwards Plateau	Excavation and laboratory methods on artifacts from this site along Potranco Creek are documented and illustrated. It appears the site was occupied as early as 9000 years ago.
667	Peeples, Matthew	30	1&2	An Analysis of the Projectile Points from the Chytka Site (41JK66), Jackson County, Texas	A detailed reevaluation of the projectile point assemblage is documented and conclusions given.
668	Nickels, David L., Kristi Miller, Ruth Matthews, Clemente Murguia and Ann A. Fox	30	1&2	Archaeological Excavations at the Fassel-Roeder Wheelwright/Blacksmith Shop on the Grounds of the Gillespie County Historical Society's Pioneer Museum, Fredericksburg, Texas.	This is a report on the results of the 1997/98 excavations by STAA. The site was used as a wheelwright and blacksmith shop from 1875 to 1938. The results from a limited archival search is also presented.

669	Hester, Thomas R.	30	3&4	Notes on South Texas Archaeology 2003:3 & 4, The Southern Texas Archaeological Association After 30 Years.	The early history of STAA is outlined and the accomplishments in field work and education over the past 30 years is highlighted. Suggestions for the future are given.
670	Hester, Thomas R. and Richard L. McReynolds	30	3&4	A Look Back at the Contributions of C. K. Chandler to the Study of South Texas Archaeology.	This article touches upon some of the favorite topic of C.K. such as artifacts from the Olmos Basin, the Rudy Haiduk burial, etc.
671	Quigg, J. Michael	30	3&4	New Analytical Approaches to South Texas Cultural Assemblages	A discussion of new analytical approaches in an effort to extract more information from sites with restricted cultural assemblages.
672	Thomas R. Hester and David L. Calame, Sr.	30	3&4	Variability Among Biface Caches From Southern and South Central Texas	Three biface caches from Frio & Kinney County are documented and illustrated. Speculation on "cache behavior" is advanced.
673	Perttula, Timothy K.	30	3&4	The Historic Ranchos at Falcon Reservoir on the Rio Grande	A documentation and discussion of the preserved architectural lay out of some of the 18th-20th century ranchos in Zapata & Starr Co.
674	Birmingham, William W. and James E. Bluhm	30	3&4	A Clovis Polyhedral Blade Core from Northwest Victoria County, Texas	A polyhedral blade core that exhibits traits that are typical of Clovis technology is documented and illustrated.
675	Apple, H.F.	30	3&4	A Tubular Stone Pipe From Nueces Bay, Texas	A tubular sandstone pipe is documented and illustrated.
676	Calame, David L. Sr., Cindy K Smyers & R. Paul Stein, Jr.	30	3&4	John E. "Swoose" Alexander's Parallel Oblique Flaking Technique.	Alexander's knapping technique and tool kit are discussed.
677	Hester, Thomas R. & William Wilson	31	1	A Trade Blank from the Lower Rio Grande: Further Observations on Large Biface Exchange in Southern Texas.	Various caches found in south Texas are discussed along with trade blanks, trade patterns and observations the visit of Cabeza de Vaca in Texas.
678	Boyd, James Bryan	31	1	Prehistoric Archaeological Site Types in the International Falcon Reservoir.	10 types of archaeological sites in the Falcon reservoir area are defined and examples are given and described.
679	McCulloch, Samuel D.	31	1	The Allison Site (41NU185): Limited Investigation Along the Bluff Line Above the Nueces River, Nueces County, Texas.	The site is described, field methods presented and artifacts illustrated. The occupation periods are characterized and results submitted for consideration.
680	Neff, Hector, Michael D. Glascock, Timothy K. Perttula	31	1	Instrumental Neutron Activation Analysis of Tejano and Mexican Ceramics from Colonial Sites at Falcon Reservoir, Zapata County, Texas	The results of analysis of ceramics from five late 18th and mid 19th century sites are presented. Neutron activation methods and procedures are detailed.
681	Harrison, James B. III	31	1	Analysis of Two Pecos River Style Curvilinear Symbols.	Curvilinear rock art symbols are defined and meaning suggested.
682	Taylor, Matthew S.	31	1	Notes and Comments on Human Skeletal Remains Recovered from Hopper's Landing (41RF11D), Refugio, County, Texas	The skeletal remains of an old adult male found on the shoreline of San Antonio Bay are detailed and the diseases and trauma suffered by this person is discussed.
683	Patterson, Leland W.	31	1	Smoothing of Basal Edges of Spear Points	Reasons for and methods of smoothing are outlined.
684	Hester, Thomas R. & James H. Word	31	2	Notes on South Texas Archaeology 2004:2. Golondrina Points at Bakers Cave; Data from the James H. Word Excavations of the 1960s.	Previously unpublished data and illustrations of Golondrina points from Bakers Cave and improvements in the calibration of radiocarbon assays are discussed.
685	Shafer, Harry J.	31	2	There is More to Langtry than Looks: Uses and Abuses of Texas Point Typology.	Comments are offered on current approaches to typology, and suggestions are provided for its proper application.
686	Apple, H.F.	31	2	Notched Shell Artifacts from Nueces Bay, Texas	This paper examines the possible uses of these artifacts and describes notch styles and groove patterns. Also raises the possibility of shared shell technology.
687	Boyd, James B.	31	2	41VV545: A Rockshelter in Seminole Canyon State Historical Park	This rockshelter and it's rock art is described and illustrated as well as near by bedrock mortars and graffiti.

688	Boyd, James B.	31	2	Archaeological Investigation of a Small Rockshelter at 41ZP8, International Falcon Reservoir	The results of an investigation of this rockshelter are illustrated and described along with abrading marks on boulders in front of the shelter. Comparison is made to other near by sites.
689	Turpin, Solveig A.	31	2	A Note on Historic Manganese Mining in Val Verde County	The history and sites of manganese mining in Val Verde County is explored
690	Boyd, James B.	31	2	A Prehistoric Burial from Gull Island, International Falcon Reservoir	This unusual burial is detailed and comparison is made to a similar burial in Starr County
690	Krzywonksi, Mike	31	2	Notes on an Unusual Shell Container from the Rio Grande Delta	A container made of Polinices duplicatus and sealed with asphaltum is illustrated and it's contents detailed.
691	Smyers, Cindy & David L. Calame, Sr.	31	2	A Study of Corner Tang Bifaces from 41 RV49, Reeves County, Texas	11 corner tang bifaces from West Texas are documented and illustrated.
692	Potter, Daniel R.	32	1	Introduction - Coleman Cemetery Site	Covers the discovery and location of this prehistoric mortuary site and then draws comparison with other Edwards Escarpment & Blackland prairie prehistoric cemeteries.
693	Mear, Charles E.	32	1	Geomorphic Context and Quaternary Stratigraphy at the Coleman Site.	A description of the geomorphic setting and stratigraphy of the Coleman Cemetery and comparison with Richard Beene, 41BX831.
694	Potter, Daniel R.	32	1	Salvage Excavations at the Coleman Site	Describes how the site was excavated during two distinct phases.
695	Pickering, Robert B. & Daniel R. Potter	32	1	Description, Context, and Osteology of the Coleman Burials	Combined field and laboratory observations of each interment are given with grid location and biological and pathological data.
696	Pickering, Robert B. & Daniel R. Potter	32	1	Summarizing the Coleman Site	Offers a summary of the bioarchaeological and pathology information gained as a result of the excavation of the 21 individuals interred in this small cemetery.
697	Hester, Thomas R.	32	2	An Overview of the Archaeology of Bandera County, Texas	A broad outline of the archaeology found in Bandera County from paleoindian to historic periods.
698	Michael B. Collins & C. Andrew Hemmings	32	2	Lesser-Known Clovis Diagnostic Artifacts 1	Suggestions on how to recognize a Clovis site without Clovis points.
699	Perttula, Timothy K.	32	2	The Ceramic and Lithic Assemblage from a Late Prehistoric Site (41RT510) in the Post Oak Savanna, Robertson County, Texas	A discussion of the artifacts from this site in the Navasota River basin.
700	Calame, David L. Sr.	32	2	Biface Cache from Milam County, Texas	Four small bifaces found near Sugarloaf Mountain detailed and illustrated.
701	Saner, Bryant, Jr.	32	2	A Clovis Manufacturing Failure from Real County, Texas	A discussion of the use and manufacturing of Clovis points. The base of a point is illustrated.
702	Birmingham, William W., Richard McReynolds, E.H. Schmiedlin	32	2	A Technological Study of Arrow Shafts from New Mexico	The results of a study of 38 arrow shafts found near Silver City, New Mexico are detailed. The shafts are illustrated and specifications are listed.
703	Wills, Frederick H.	32	2	Plant Communities of the South Texas Plains	Land records of the mid-19th century are used to determine the type of plant communities present at that time in the north eastern Rio Grande Plains.
